INTRODUCTION

Oasis Community Learning recognises and accepts that learning that takes place out of the classroom is a valuable tool in every one of its pupils' education if conducted within a safe and healthy environment. It is the intention of Oasis Community Learning and the Academy that all appropriate steps will be taken to meet statutory requirements, recognised codes of practice and guidance notes in establishing a safe and healthy environment on Academy visits. The "References" section in Appendix 17 of this policy sets out these sources.

The overall high quality of planning and leadership on Academy off-site activities will be evident from the contribution these activities will make to the all-round ethos of the Academy, the interaction between pupils and staff, and the quality of the learning experience. The impact of this policy will be regularly evaluated and where necessary changes made for improvement.

All employees and volunteers have a duty to take reasonable care to avoid injury to themselves and others and to co-operate to ensure statutory duties and obligations are fulfilled. This policy can only be successfully implemented with the full co-operation of everyone concerned.

Monitoring and Review

The Principal will monitor the implementation of this policy and will report annually on off-site activities and educational visits to the Academy Council.

Oasis Community Learning will review the policy at least every two years, and assess its implementation and effectiveness, taking into account the views expressed by the Academy.

Equal Opportunities

In implementing this policy Oasis Community Learning expects the Academy to take into account the Academy's equal opportunities policies, and to ensure that any reasonable adjustments are made to accommodate all pupils who wish to participate.

Section 1:

SUMMARY OF PROCEDURES

Throughout this policy off-site activities and visits are categorised under risk types A and B:

Type A (Low risk):

Day trips without overnight stay that do not have an element of 'adventure' e.g. museums, art galleries or local sports fixtures.

Type B (Higher risk): Trips that involve higher risk activities as part of the programme. They may or may not involve overnight stays, and could be within the UK or abroad, e.g. day trip to an outdoor pursuits centre, expeditions or overseas exchange visits.

Type C (Higher risk trip to an Oasis Global Partner):

These are trips that involve visit to an Oasis Global Partner country that may or may not involve overnight stays and will be organised by the Community Services Support Team, in the Oasis UK Central Office.

Timelines for organising a trip:

To ensure smooth planning and prevent any last minute hiccups, it is important to be mindful of the time required to organise and sign off a trip, particularly for Type B and C activities. Trip Leaders should therefore always work within the following timelines:

Type A (low risk):

- For trips undertaken regularly (e.g. sports fixtures), where risk assessments are already in place, authorisation must be obtained a minimum of **two weeks** in advance of the event.
- For new trips or those not regularly undertaken, authorisation must be obtained a minimum of **one month** in advance of the trip.

Type B (higher risk):

- For trips with an overnight stay and/or the EU, authorisation must be obtained a minimum of **6 months** in advance of the proposed date (including school holidays).
- For trips with an overnight stay outside the UK and EU authorisation must be obtained a minimum of **9 months** in advance of the proposed date.
- For day trips within the UK with no overnight stay, authorisation must be obtained a minimum of **2 months** in advance of the proposed date (including school holidays).
- **In exceptional circumstances we will consider authorising a trip outside these timescales. However, funding for the trip must be in place for this to happen.**

Type C (Higher Risk visit to Oasis Global Partner). **Appendix 10 to be completed instead of appendix 1.**

- For day trips within the **EU with** no overnight stays, authorisation must be obtained a minimum of **4 months** in advance of the proposed date (including school holidays).
- For trips with an overnight stay within the EU, authorisation must be obtained a minimum of **6 months** in advance of the proposed date (including school holidays).
- For trips with an overnight stay outside the EU authorisation must be obtained a minimum of **9 months** in advance of the proposed date.
- **In exceptional circumstances we will consider authorising a trip outside these timescales. However, funding for the trip must be in place for this to happen.**

Organising a trip

When organising a trip the following documents must be completed and submitted **before** the trip can be approved:

- Notification and Approval form (appendix 1 **for type A and B trips**)
- Initial Enquiry and Approval form (Appendix 10 for **type C** trip)
- Completed risk assessment (use template in appendix 4 for type **A and B trips**). This should cover not just the risks at the venue, but also those involved in travelling to the venue, and also risks involving the medical needs for pupils.
- Itinerary - there is no standard form for this document, but it should include key details such as departure and arrival times, a brief outline of the planned activities happening each day, including the activity locations and approximate times wherever possible. This is to enable a proper and full assessment of any risks to take place. **Type A and B trips only.**

Authorisation and notification:

- **Type A** trips must be authorised by the **EVC** and the **Principal** (or a delegated senior member of staff) before the trip can be approved. The three documents listed in 1.3 above must be completed and submitted in order to obtain this approval.
- **Type B** trips must be authorised by the EVC, the Principal, and Oasis Community Learning before the trip can be approved. The three documents listed in 1.3 above must be completed and submitted in order to obtain this approval. Any authorisation required from Oasis Community Learning should be sent to tripsandvisits@oasisuk.org.

Oasis Community Learning will consult outdoor education advisors as required to assess the suitability of the risk assessments, and provide feedback.

- **Type C** trips must be authorised by the EVC, the Principal and Oasis Community Learning before the trip can be approved. The documentation listed in Appendix 10 must be completed and submitted to tripsandvisits@oasisuk.org and michelle.briers@oasisuk.org in order to obtain this approval.

Section 2:

AIMS AND OBJECTIVES

Aims of the Policy:

- To set out Oasis Community Learning's requirements for managing and running off-site activities and visits;
- To make clear the aims and objectives that underpin educational visits and off-site activities;
- To give guidance on procedures and risk assessments to ensure the safe and responsible running of trips;
- To provide a summary of the roles and responsibilities for those involved in running a trip; and
- To supply the documents to be used in planning and running off-site activities and educational visits.

Aims and objectives for off-site activities and educational visits

Every visit and activity must have clear aims and objectives. Oasis Community Learning's general aims and objectives for educational visits/activities are:

- For pupils to learn a variety of new skills;
- Develop self-confidence, self-reliance, maturity, awareness and a sense of responsibility;
- Work cooperatively with others;
- Provide experiences outside the scope of the normal curriculum;
- Promote the achievement of short-term goals;
- Reinforce the development of social and personal skills in new situations;
- Encourage self-assessment;
- Broaden knowledge and experience of another culture;
- To develop their Oasis Global Partnerships;
- Encourage corporate spirit;
- Promote and improve personal physical ability;
- Visit a foreign country and encourage pupils to use a foreign language.

Curriculum Links

It is Oasis Community Learning policy that each educational visit should have clear curriculum links, identifiable in the Academy's curriculum programmes.

For each visit the specific aims and educational objectives should be set out in the notification and approval form (Appendix 1 or Appendix 10).

Section 3:

RESPONSIBILITIES FOR MANAGING OFF-SITE ACTIVITIES AND EDUCATIONAL VISITS

PART A: Oasis Community Learning Executive

The Oasis Community Learning Executive has overall responsibility for monitoring the quality and safety of all Academy off-site activities and will:

- a) make itself familiar with the requirements of the appropriate legislation and codes of practice;
- b) monitor the management and approval procedure for educational visits and off-site activities;
- c) consider for approval, any proposals for Type **B and C** (higher risk) trips;
- d) provide guidance on the financial management procedures to be used for trips and visits (including the Charging and Remissions Policy);
- e) support the Academy in any emergency situation, including dealing with the media;
- f) periodically assess the effectiveness of this policy and ensure that any necessary changes are made; and
- g) ensure that information and guidance provided by the DfE is available to inform Oasis Community Learning's policy, practices and procedures relating to the quality of health and safety of the staff and young people on trips and visits. *(These should include measures to obtain parental consent on the basis of full information, to investigate parental complaints, and to discuss and review procedures including incident and emergency management systems.) See Appendix 2a/2b – **Parental Consent and Medical Consent Forms**.

PART B: The Principal

The Principal has responsibility for the day-to-day implementation of off-site activities and visits procedures and conditions for all staff and pupils.

The Principal's role and responsibilities with regard to Off-site activities are as follows:

General:

- Ensure that the Academy's equal opportunities policies are taken into account, particularly the requirement to make all possible provision for those with disabilities and special educational needs;
- Ensure that appropriate financial management procedures are in place, in line with Oasis Community Learning requirements; and
- Ensure that the Academy can be run efficiently in the absence of staff engaged in the activity or visit.

With regard to the Educational Visits Coordinator (EVC):

- Appoint a suitable senior member of staff to be the Educational Visits Coordinator (EVC). He/she will act on behalf of the Principal in ensuring the quality and safety of all the Academy's educational visits, and will ensure that all educational visits follow the

agreed procedures (see Section 3 part 3 of this policy for a summary of the EVC's role and responsibilities);

- Ensure that the EVC is appropriately trained;
- Ensure that the Educational Visits Coordinator (EVC) is supported in matters relating to educational visits and off-site activities and that he/she has the appropriate time and expertise to fulfill his/her responsibilities.

Authorisation for trips:

- The Principal must approve Type A (low risk) and Type **B and Type C** (higher risk) visits or delegate as appropriate to a delegated senior staff member; and
- Ensure that the Oasis Community Learning Executive has approved any Type B and C visit/activity before trip planning goes ahead (see authorisation procedures in section 1).

Safeguarding, Health and Safety and Risk Assessment:

- Make sure that adequate child protection procedures are in place; including all staff and volunteers being CRB checked and having relevant training/instruction;
- Authorise risk assessment/s for the trip, checking that appropriate safety measures are in place;
- Approve the choice of Trip Leader and deputy Trip Leader. They must be suitably competent to instruct the activity and monitor risks throughout the visit, having sufficient experience of running off-site activities and supervising and organising the age groups attending;
- Allow Trip Leaders sufficient time to organise the visit/activity properly.

Planning for emergencies:

- Ensure all staff are made aware of and understand the DfE and Oasis Community Learning's guidance on emergency planning and procedures. Training and briefing sessions must be provided for staff as necessary;
- **Ensure trip leaders are aware of local emergency services t before activities take place.**
- Ensure an emergency procedure is in place so that parents are informed quickly about any major incident on a trip through the Home Based Contact, rather than through the media or anyone else;
- The Home Based Contact should have the authority to make significant decisions. S/he should be contactable and available for the full duration of the visit 24 hours a day. S/he should be able to respond immediately at the establishment base to the demands of an emergency and should have a back-up person or number;
- Support should be provided by Oasis Community Learning when dealing with media enquiries.

PART C: The Educational Visits Coordinator (EVC)

The role and responsibilities of the EVC will be agreed with the Principal and will include the following:

General responsibilities:

- Ensure that all trips and visits meet Oasis Community Learning and the Academy's requirements as laid out in this policy;
- Oversee the approval of Type A, B and C trips by liaising with the Principal and Oasis Community Learning, complying as far as possible with the timelines laid out in section 1 of this policy;
- Ensure financial procedures (including the Charging and Remissions Policy) are adhered to and be aware of the need to obtain best value for money;
- Ensure that all reasonable and practicable measures are taken to include young people with medical or special educational needs on a visit; and
- Report as required to the Principal.

Parental notice and consent:

- Ensure that all parents/carers are informed about details of the trip including the nature of activities;
- Ensure that all consent and medical forms are completed and received (appendix 2 for A and B trips and Appendix 11 and 13 for C trips). Academies may wish to adapt the consent form according to the type of trip, to include questions for example, 'does your child swim?'
- Ensure that for Type B and C (higher risk) visits a parents' and pupils' meeting is arranged prior to the visit. At this meeting at least one parent and the pupil should be expected to attend as a prerequisite to the pupil being allowed on the trip. In exceptional circumstances where parents and pupils cannot attend the meeting adequate arrangements must be made to brief them about the risks and nature of the visit/activity.
- Parents must understand the importance of knowing the trip arrangements and providing their own emergency contact numbers.

Health and Safety:

- Provide necessary supervision, training and instruction so that all staff and pupils can undertake school-related activities and visits in a healthy and safe manner;
- Ensure that adequate first-aid provision will be available on each trip;
- Make sure there is adequate provision of safety and protective activity equipment and clothing, with associated guidance, instruction and supervision;
- Ensure that bookings are not completed until external providers have met all the necessary health and safety assurances; and
- Keep records of visits, incidents and near-accidents.

Risk assessment and special needs considerations:

- Ensure all risk assessments made by the Academy are completed using the Oasis Community Learning form (appendix 4 for type A and B trips or Appendix 13 for type C trips);
- Risk assessments for Type A trips must be read and approved by the EVC and the Principal (or a delegated senior member of staff);

- Risk assessments for Type B trips must be checked and signed off by the EVC, the Principal, and Oasis Community Learning Executive who will obtain further advice from a LOtC Education Advisor where required;
- Risk assessments for Type C trips must be checked and signed off by the EVC, the Principal, and Oasis Community Learning Executive;
- Ensure that where possible pre-visits have taken place, and advise the Principal in cases where a pre-visit may not be feasible;
- Check that issues identified by an exploratory pre-visit are satisfactorily resolved within the risk assessment;
- Ensure that specific items in the risk assessment (for example, overnight security, room and floor plans- where possible); are checked by the appropriate individuals prior to departure;
- All possible arrangements must be made to support the medical and special educational needs of the pupils attending, and such considerations must be addressed in the risk assessments;
- **Emergency procedures:** Ensure the following procedures are in place, to be used in the event of a major incident on the trip:
 - A Home Based Contact (who is a senior member of staff not attending the activity/visit) must be appointed, who can be contacted at any time in case of an emergency. S/he should be on call for the full duration of the visit 24 hours a day and live within reasonable travelling distance of the Academy. He or she should be able to respond immediately at the establishment base to the demands of an emergency and should have a back-up person or number;
 - A list of all pupils, staff and volunteers attending the visit, with contact numbers, must be kept by the Academy and by the Home Based Contact throughout the duration of the visit;
 - A list of names with contact details for all parents/carers of pupils and the next of kin for accompanying teachers and other supervisors must be kept by the Academy and the Home Based contact throughout the duration of the visit; and
 - The Trip Leader should construct a 'telephone tree' which is available to all parents/carers, the Home Based Contact and staff on the trip (see Section 5, clause 8).

Ensure that pupils, parents/carers, group supervisors and others as necessary are given written details of these procedures prior to the trip departure.

- A separate phone number should be provided to parents that can be used 24h a day in case of any serious queries or concerns. In some cases a tour provider will be able to provide the emergency number.

Safeguarding and Child Protection:

- Ensure that CRB disclosures for all staff and adult volunteers attending the trip are in place and up to date;
- Ensure that the ratio and gender balance of supervisors to pupils is appropriate for the needs of the group and in line with this policy (details in section 4, part B)

Trip Leader and other group supervisors:

- Ensure there is a competent and appropriately experienced Trip Leader and Deputy Trip Leader for the trip/activity;

- Assess the competence of prospective leaders and supervisors in terms of relevant qualifications and experience;
- Organise appropriate training and induction for Trip Leaders and supervisors prior to the visit;
- Brief Trip Leaders and supervisors about the emergency procedures as part of the risk assessment briefing and ensure that the Trip leaders, supervisors and the Home Based Contact have ready access to them during the visit;
- The Trip Leader, group supervisors and Home Based Contact must have the names and contact details of all adults and young people travelling in the group, and the contact details of parents/carers and next of kin for staff and other supervisors.

Contractors and travel arrangements:

- Make sure there is an acceptable procedure for choosing appropriate contractors (e.g. tour operators) and that wherever possible they have the LOtC Quality Badge;
- Check that contractors have adequate emergency support procedures, and that these will link to the Academy's emergency procedures;
- Check that the mode/s of travel planned are appropriate;
- Check that the travel times out and back are appropriate, including pick-up and drop-off points;
- Ensure there is adequate and relevant insurance cover;

Prior to departure:

- A confirmed list of all pupils, adults and staff accompanying the trip must be available at the Academy throughout the duration of the trip (e.g. hard copy left in reception), including contact details and designated roles;
- The Home Based Contact must keep a hard copy of all staff, supervisors', pupils' and parent/carers' contact details on them throughout the duration of the trip;
- Contact details for the trip venue(s) must be recorded and available to the Academy throughout the duration of the trip;
- Ensure that there is a fully risk-assessed contingency plan, covering for example the implications of staff illness, the need to change routes or activities during the visit and any delays including a late return home;
- Ensure the emergency plan (as in the Risk Assessment section above) is in place and that the Home Based Contact and all staff attending the trip are aware of this.

On return from a visit:

- Ensure that visits are evaluated to both inform the operation of future visits and to identify training needs. Further staff training should be made available where a need is identified.
- Ensure that serious incidents, accidents and near-accidents are recorded, investigated and reported to the Academy Council and Oasis Community Learning;
- Accident and incident records should be reviewed regularly, and this information used to inform future visits.
- The EVC should also ensure that upon completion of a visit or activity a complete file of names, addresses, insurance arrangements, contacts, procedures, etc. is kept for at least three years. This information would be required in the event of any future claim arising from any incident that may occur on the visit.

PART D: The Trip Leader (and Deputy Trip Leader)

Trip Leaders have the responsibility to oversee the preparation and execution of the visit and to ensure that safety is the prime concern. They must ensure that the visit is a quality experience for the pupils attending and that it meets the stated objectives.

The specific responsibilities of the Trip Leader (and Deputy Trip Leader) are as follows:

General responsibilities:

- The Trip Leader and Deputy Trip Leader should be fully conversant with this policy and ensure that staff, pupils and others attending the trip comply with its requirements;
- Trip Leaders must make themselves familiar with the requirements of health and safety legislation and codes of practice, and financial regulations that are relevant to educational visits;
- The Trip Leader has overall responsibility for the supervision and conduct of the visit, including health and safety considerations, risk assessments, and the emergency plan;
- Trips Leaders should exercise the reasonable duty of care that a careful parent would exercise in the same circumstances;
- The Trip Leader is responsible for briefing all accompanying staff, supervisors, parents and helpers prior to the trip.
- The responsibility for a specific visit (e.g. Language Exchanges) will be written into the job descriptions of Academy Staff where appropriate.

Organising a Trip:

- Before organising a visit, the Trip Leader must have read and understood the Academy's Off-Site Activities and Educational Visits Policy, and all related guidance (available as appendices to this document).
- Any new off-site activity or visit which is to be organised must first be registered for notification and approval using the form in appendix 1 of this policy.
- Initial approval must be obtained as required for Type A (low risk) or Type B and C (higher risk) trips, abiding by the guidelines and timescales laid out in section 1 of this policy.
- See Appendix 16 for a step by step guide for organising Oasis Global Partnership trips.

Health and Safety:

- The Academy's health and safety policies, guidance and procedures must be followed;
- The Trip Leader must be able to control and lead pupils of the relevant age range;
- The Trip Leader must be suitably competent to instruct pupils in an activity and be familiar with the location/centre where the activity will take place;
- The Trip Leader must ensure that adequate first-aid provision will be available, including if possible a designated first aider to accompany the trip;
- Consider stopping the visit if the risk to the health or safety of the pupils is unacceptable and have in place procedures for such an eventuality.

Risk Assessment and special needs considerations:

- Undertake and complete a comprehensive risk assessment for the visit/activity using Oasis Community Learning's risk assessment framework (appendix 4 for Type A and B and Appendix 13 for Type C). The risk assessment should include travel to and from the Academy.
- Risk assessments for Type C trips will be completed by the receiving Oasis Global Partner for all elements of the trip that will take place in the country. However, it is your responsibility to complete the UK element of the risk assessment of the trip, e.g. transport to and from the UK airport.
- Ensure that all possible arrangements are made to support the medical and special educational needs of the pupils attending, and that such considerations are covered in the risk assessment.
- Conduct an exploratory pre-visit to the trip venue, where reasonably practicable, to undertake a venue audit (a venue audit template is available as appendix 5). Issues identified by an exploratory pre-visit must be satisfactorily resolved within the risk assessment;
- For residential visits a risk assessment of the accommodation must be provided (see appendix 6 for Types A and B and Appendix 13 for Types C);
- Ensure a copy of all risk assessments are provided to all accompanying adults prior to departure.
- All risk assessments must be checked and approved as described in section 1 of this policy, before a trip can go ahead.

Emergency procedures: The following procedures must be in place, in case of a major incident on the trip:

- A Home Based Contact (who is a senior member of staff not attending the activity/visit) must be appointed, who can be contacted at any time in case of an emergency. S/he should be on call for the full duration of the visit 24 hours a day and live within reasonable travelling distance of the Academy. He or she should be able to respond immediately at the establishment base to the demands of an emergency and should have a back-up person or number;
- A list of all pupils, staff and volunteers attending the visit, with contact numbers, must be kept by the Academy and by the Home Based Contact throughout the duration of the visit;
- A list of names with contact details for all parents/carers of pupils and the next of kin for accompanying teachers and other supervisors must be kept by the Academy and the Home Based contact throughout the duration of the visit; and
- The Trip Leader should construct a 'telephone tree' or similar which is available to all parents/carers, the Home Based Contact and staff on the trip (see Section 5, clause 8).

Ensure that pupils, parents/carers, group supervisors and others as necessary are given written details of these procedures prior to the trip departure.

Pupil Welfare and Child Protection:

- Valid CRB disclosures for all adults attending the trip must in place;
- Ensure that all accompanying adults are familiar with the Academy's Child Protection policy and procedures;

- Provide enough information on the pupils proposed for the visit/activity to assess their suitability or be satisfied that their suitability has been assessed and confirmed;
- The ratio and gender balance of supervisors to pupils must appropriate for the needs of the group and in line with this policy (see section 4, part B);

With regard to group supervisors (other staff or volunteers attending the trip):

- Clearly define each small group supervisor's role during the visit/activity, and ensure all tasks have been assigned;
- Ensure that all group supervisors are aware of and accept the nature of the particular responsibilities and roles they will assume and that they are advised of their position with regard to personal responsibility;
- Ensure that group supervisors have details of the Home Based Contact;
- Ensure that the Deputy Trip Leader and other supervisors have the details of young peoples' special educational or medical needs which will be necessary for them to carry out their tasks effectively.

Prior to departure:

- Ensure that briefing meetings are held as appropriate for pupils, parents, teachers and other group supervisors, so that they are fully aware of what the proposed activity/visit involves (see section 12 of this policy);
- Brief all the young persons about their tasks, arrangements, organisation, and the behaviour that is expected of them during the time of the visit/activity;
- Have a fully risk-assessed contingency plan, covering for example the implications of staff illness, the need to change routes or activities during the visit and any delays including a late return home;
- Make sure the Home Based Contact and all staff attending the trip are aware of the emergency plan and contingency plan.
- The Trip Leader should always carry a list of names, addresses, ages and brief medical history of the pupils attending. It is also advisable for all other adults to have copies of this information, within the considerations of some information being of a confidential nature.

During a visit/activity:

- Establish clear procedures for safe practice during the visit/activity;
- Ensure that wherever possible on a visit or activity, rendezvous arrangements with an appropriate place and time are agreed if the party should become separated. These would be best made on arrival at particular locations where possible so that suitable locations can be identified;
- Ensure that every member of the group knows in advance the course of action to follow if they get lost;
- Whenever a party is to be subdivided, or the Trip Leader is to be absent for any reason, the Trip Leader must make a clear delegation of responsibility to another adult.
- If a Trip Leader delegates responsibility for the supervision of some, or all of the young persons at various times to other members of the staff team, they must satisfy themselves that this individual to whom they are delegating responsibility:
 - is competent to take charge of the group of young people undertaking the particular activity in this locality;

- has been fully and properly briefed as to their role and responsibilities;
 - is aware of the next meeting place and time and is fully conversant with the procedure to adopt in the event of an accident, or emergency arising within the party.
- The Trip Leader must ensure that at all times during the visit or activity, each member of staff knows exactly for which young persons they have a responsibility and where those young persons are at all times and that each young person knows who the leader is of their particular group.
 - The Trip Leader is recommended to hold a brief daily staff meeting at the start of the activity or start of the day.

On return from a visit:

- On return to the Academy the Trip Leader should notify both the Home Based Contact and the Principal of a safe return. A short telephone call will fulfil this requirement.
- After returning from the trip, the Trip Leader is responsible for reviewing and recording details of the visit by completing the evaluation form (Appendix 7).
- Write any thank you letters where required.
- For Type C trips arrange a debriefing session with Oasis Community Services Support Team for the whole team to reflect on the experience of the trip.

PART E: Supervisory staff and volunteers

The time and commitment offered by supervisory staff and volunteers are essential to the running of any trip. Here are some guidelines for those staff and volunteers participating in visits as to their roles and responsibilities:

General requirements and responsibilities:

- Be familiar with the requirements of this policy and other guidance relating to health and safety;
- Do what is reasonably practicable to ensure the health and safety of everyone in the group;
- Be clear about the objectives of the visit;
- Attend briefing meetings as required by the Trip Leader;
- Understand the safety management procedures for the visit, including the emergency plan and the contingency plan;
- Undertake any organisational tasks assigned by the Trip Leader that are within their competency;
- Never supervise a party of more than 10 of any age;
- Never be in a situation remote from the support of the leaders or other appropriate members of staff.

Volunteers and Non-Oasis Community Learning (OCL) employed adults acting as supervisors:

- Any adults on the visit/activity not employed by Oasis Community Learning must be clear about their roles and responsibilities during the visit/activity;
- All adults attending the trip must be CRB cleared;

- They must not be left in sole charge of pupils except where it has been previously agreed as part of the risk assessment;
- They must follow the instruction of the Trip Leaders, and help with the control and discipline of pupils;
- Speak to the Trip Leader or Academy staff if concerned about the health or safety of pupils at any time during the visit/activity;

Section 4:

SAFETY MANAGEMENT

Part A: Risk Assessment and Risk management

Risk assessment and risk management are legal requirements. The aim is to make sure that no one gets hurt or becomes ill where this could have been reasonably foreseen. The risk can be minimised by:

- Supervision;
- Protection;
- Training; or
- A combination of these.

The Academy is only responsible for risk assessing those parts of the visit/activity that it is organising. If services are being “bought in”, then the provider is legally responsible for risk assessing these parts of the activity. However, the Trip Leader must confirm that the risk assessments are in place, and the Academy risk assessment should take note of this.

The Academy is always responsible for risk assessing the pupils they are accompanying.

A risk assessment is no more than a careful examination of a hazard that could cause harm to people during activities. In this way the leader can weigh up whether he/she has taken sufficient precaution to prevent harm or whether more needs to be done. The aim is to take all reasonably practicable steps to make sure that no one gets hurt or becomes ill.

A written risk assessment **must** always be carried out before setting off on a visit or activity, whether residential, day or part day. This is normally undertaken by the Trip Leader with relevant help from the Educational Visits Coordinator (EVC). The appropriate Oasis template is available from the EVC and is also included in Appendix 4 of this policy.

A copy of the completed risk assessment **must** be given to and approved by the EVC before the visit or activity commences. The EVC will pass the completed risk assessment to the Principal to approve, and also to Oasis Community Learning for Type B and C (higher risk) activities. Type B and C risk assessments should be made available to parents at briefing evenings and displayed prior to the visit in order that participating pupils have the opportunity to read and understand its content.

The completed risk assessment must be read and understood by all staff accompanying the off-site visit/activity and each member of staff should have a copy of the agreed risk assessment and control measures.

The risk assessment should include consideration of the following:

- What are the hazards, and what level of risk do they offer?
- Who is affected by them?
- What safety measures need to be in place to reduce risks to an acceptable level?
- Can the Trip Leader guarantee that these safety measures will be provided?
- What steps will be taken in an emergency?
- What information/training is necessary for the group members?
- Is the protective clothing and equipment is fit for purpose?

The risk assessment should also explicitly cover how special educational needs and medical needs are to be addressed.

Risk assessments may need to be updated as the number or type of pupils change.

When carrying out a risk assessment, leaders should ask themselves this question – “Is what I am about to do such that I would do it if it was my own child of this age, ability and aptitude?” Unless the answer is an immediate “Yes”, then don’t do it! Change the arrangements so that you are confident that you would be personally satisfied with them for your child.

The programme of a visit, as set out in the risk assessment, should not be deviated from. However, any risk assessment should be on-going such that it can take account of, for example, illness of staff or pupils, changes in weather, or availability of activities. This also includes emergency situations.

Continuing/on-going Risk Assessment

The Trip Leader and at least one other member of staff should reassess risks whilst the visit/activity takes place. On-going risk assessments normally consist of judgements and decisions as the need arises. They must take account of local expertise on, e.g. tides, potential for flooding, volume of traffic, local hazards etc. On-going risk assessments are not usually recorded until after the visit/activity but **must** be recorded as soon as possible when a copy should be given to the EVC. This is often referred to as a “Plan B” or contingency plan.

The EVC will be available to assist colleagues who need assistance in completing a risk assessment.

Risk Assessment for SEN pupils, and disabled members of the group, and those with medical needs

The Disability Discrimination legislation and regulation place duties on the Academy not to discriminate against pupils for reasons relating to disabilities. The Oasis ethos means that wherever possible we would want to ensure the inclusion of disabled pupils on off-site visits.

The Educational Visits Coordinator (EVC) will help with details.

Where pupils are identified as having particular special needs this must be reflected in a higher staffing ratio, which must not be less than that which applies on-site, and in most cases will need to be higher. Staff would need to take into account the terms of the SEN and Disability Discrimination Act. ***All reasonable steps must be taken to include young people covered by the Act.***

The risk assessment must explicitly cover how special educational needs and medical needs are to be addressed. It should also include details of any special aids and equipment that the pupil may need and, in particular, details of any such items to be brought from home or obtained prior to the visit. At this point a decision should be made as to whether the measures required to include the pupil are reasonable or not.

Where pupils have statements of special educational needs which provide support in school for access to the curriculum, and where the visit or activity takes place during term time, the level of ancillary support may be used at the same level as provided by the statement

The Academy should, however, build the costs of the necessary support beyond this into its planning for the visit or activity so that it is included in the overall package. In certain circumstances, other funding may be available for pupils with physical disabilities. For details please see the EVC.

For pupils with mobility difficulties who hold a “Blue Badge” for parking concessions, it may be beneficial for the Blue Badge to be displayed in the windscreen of the coach. Mention of this at the arrival of a venue may result in priority parking as close as possible to the venue entrance. Similarly, mention of a Blue Badge at a Ferry Port would usually result in priority loading such that the coach is parked close to the lifts on the vehicle decks. It may also be of significant benefit for a disabled pupil to carry some proof of their disability. Word of mouth is often not sufficient proof of their disability.

Trip Leaders must ensure that parents are aware that if their child/ren misbehaves they are responsible for collecting them at their (parents’) expense if it is considered necessary to send the child home.

Risk Assessment and Contractors (Providers/Tour Operators)

Contractors (Providers) may include tour operators, outdoor education centres, farms, museums, activity centres etc., i.e. any services that are paid for. Contractors are responsible for assessing the risks of those parts of the visit appearing in the contract. Written assurances must be obtained from contractors that risks have been assessed and that the contractor’s staff are competent to instruct/lead pupils of the group’s age and range on the activity. Wherever possible written risk assessments should be obtained from the contractor, but leaders should not indicate that they take any responsibility for these assessments. They are for the information of the leader.

The Trip Leader should check that the company shows due diligence in checking, for example, the safety and suitability of accommodation and transport (e.g. pupils should **not** be expected to share beds; the road transport **must** have seat belts etc.). Details of insurance should also be obtained and checked. Staff who need assistance with this should see the EVC.

LOtC Quality Badges

The government has introduced a Learning Outside the Classroom (LOtC) Quality Badge scheme. Providers can apply for a Quality Badge if they meet rigorous safety and educational criteria.

A provider must:

- a) Have a process in place to assist users to plan the learning experience effectively;
- b) Provide accurate information about its offer;
- c) Provide activities, experience or resources which meet learner needs;
- d) Review the experience and acts on feedback;
- e) Meet the needs of the users and
- f) Have safety management processes in place to manage risk effectively.

Oasis Community Learning’s policy is that wherever practicable Academy off-site activities will be organised through contractors who have the Quality Badge, or who can demonstrate that their provision is in line with the Quality Badge provision. Details of the scheme are at www.lotcqualitybadge.org.uk.

Part B: Staffing Ratios

When considering staffing for an activity or visit, it is essential to recognise that the following guidance represents the **minimum** level of staffing only and in reality will be determined by the risk assessment. Adequate consideration must be given for the maintenance and welfare of the whole party in the event of one or more adults having to leave the group for any length of time. The following points need to be taken into account:

- The leader of any off-site visit or activity should be a teacher or person trained and experienced in off-site leadership;
- There should normally be a minimum of **two** adults with any party engaged in an off-site visit or activity;
- The gender balance of the group;
- The needs of individual pupils within the group including those with special educational or medical needs;
- Adventurous activities will usually require a higher staff: young person ratio. The figure will be determined by the Principal after a suitable risk assessment by the Trip Leader;
- All residential visits should be accompanied by at least **two** adults. Where the group population is of mixed sex then **both male and female** adults must be present. This also applies to home-stay visits;
- For visits abroad, all groups of pupils below sixth form level should be accompanied by at least **two** members of staff.

Table of ratios

The following ratios should be followed for off-site visits, with adjustments according to the risk assessment (e.g. SEN or disability considerations):

Type of Visit	Year groups	Leader : Pupil Ratio
Minimum Day or Part Day	Years 1 to 3	1 : no more than 6
	Years 4 to 6	1 : no more than 15
	Year 7 onwards	1 : no more than 20
Residential (UK or abroad)	Years 1 to 3	1 : no more than 3
	Years 4 to 6	1 : no more than 10
	Year 7 onwards	1 : no more than 12
Residential to Oasis Global Partner	Year 9 onwards	1 : no more than 6

There must be at least one male and one female supervisor on every trip (day-long or residential) unless otherwise agreed by the Principal (e.g. a single sex group of pupils may be accompanied by leaders all of the same sex).

Part C: Exploratory/Reconnaissance Pre-Visits

It is good practice for an exploratory/reconnaissance visit to be made by any member of staff who is to lead a group abroad, or on a residential visit or in a location that is not familiar to them. This will enable them to gain first-hand knowledge of the area and facilities. This

knowledge will then inform their appraisal of the contractor's risk assessment, their own risk assessment and pre-planning.

For remote expeditions a prior visit may not be possible. Oasis Community Learning will determine whether the risk assessment and proposed risk controls are acceptable.

If it is not possible for the Trip Leader to visit the site/area beforehand, the Leader must make every effort to collect all appropriate information. He/she **must** be able to satisfy both the EVC (and Oasis Community Learning for relevant visits/activities) that these alternative arrangements are sufficient for a risk assessment to be made.

Any costs incurred whilst making an exploratory visit will be included in the total cost of the visit.

Some contractors (providers), e.g. school-travel specialist companies, may offer a pre-visit for the Trip Leader free of charge.

Trip Leaders are encouraged to complete a "Venue Audit" (Appendix 5) and if necessary an "Accommodation Audit" (Appendix 6) when conducting a pre-visit.

If it is not possible for the Trip Leader to make an exploratory visit, a reconnaissance visit should be made immediately on arrival at the venue whilst the rest of the group remain in a secure place or are supervised by other staff in an activity for which a risk assessment has been made.

If using the facilities of a contractor, e.g. school-travel specialist company, the Trip Leader should also arrange a meeting with the local representative or manager in order that both parties can be kept fully informed and any concerns can be raised. Any points discussed should be noted in writing.

Section 5:

SUPERVISION

Duty of Care

All adults connected with a visit or activity owe a duty of care to the young people they accompany in common law.

The duty of care expected is that of a reasonable, prudent and careful parent applying his or her mind to the situation. The duty is continuous during the whole period of the visit and cannot be delegated to anyone else. Because teachers are trained, professional people courts in the UK have tended to expect them to exercise a higher standard of care than that which is expected from the general public.

Delegating Responsibility

The Trip Leader is responsible overall for the group **at all times**. They may, however, delegate supervisory roles to other adults in the group.

When delegating supervisory roles to other adults the Trip Leader should:

- Allocate supervisory responsibility to each adult for named pupils and ensure that all adults understand that they are responsible to the Leader for the supervision of the pupils assigned to them;
- Ensure that each adult knows which pupils they are responsible for;
- Ensure that each pupil knows which adult is responsible for them;
- Ensure that each adult has the means to contact the Trip Leader and/or other supervisors;
- Ensure that each adult has knowledge of and clearly understands the Oasis Community Learning emergency procedures policy.

Supervision can be **close or remote** but **is always 24 hours**, including home-stay visits, but supervisors are not expected to stay awake for 24 hours each day! In order that each adult supervisor gets quality rest and recuperation a duty roster should be arranged. It is essential that everyone involved in the visit understands the supervision arrangements and expectations.

Close Supervision

Close supervision occurs when the group remain within sight and contact of the supervisor. Close supervision normally means that all supervisors:

- Have prior knowledge of the pupils including any special educational needs, medical needs and disabilities;
- Carry a list/register of all group members;
- Regularly check that the entire group is present;
- Have appropriate access to first aid; and
- Ensure that each pupil knows what to do if they become separated from the group.

Remote Supervision

Remote supervision occurs when, as part of planned activities, a group of pupils work away from the supervisor (e.g. on a Duke of Edinburgh Award Expedition) but is subject to stated controls as recorded in the risk assessment. The supervisor is present but not necessarily near or in sight. The Trip Leader still remains responsible for pupils during this time even though they are not in direct contact with them. When supervision is remote:

- Groups must be sufficiently trained and competent for the level of activity to be undertaken, including how to deal with emergencies.
- Pupils should understand and accept the expected standards of behaviour.
- Pupils will be familiar with the environment or similar environments and have details of rendezvous points and times.
- Clear and understandable boundaries must be set.
- There must be clear lines of communication between the pupils, the supervisor and the Academy.
- The pupils should know the whereabouts of the Leader/supervisor and should have a means of contacting them.
- A pupil should never be on his/her own. It is advisable that they be in a minimum group of at least three pupils.
- The supervisor should monitor the group's progress at appropriate intervals.
- The supervisor will be in the activity area and able to reach the group reasonably quickly should the group need support in an emergency.
- There should be a recognisable point at which the remote supervision is completed.

Remote supervision will also apply to the times during home-stay visits when pupils are with their host families.

Night Time

In residential situations, during night time the security of the group is of paramount importance. The Trip Leader should ensure that, as far as is reasonably practicable:

- Staff (of both genders where appropriate) have sleeping accommodation on the same floor and as near as possible to the pupils' accommodation.
- Child protection arrangements are in place (following appropriate risk assessment) to protect both pupils and staff.
- Where hotel/hostel reception is not manned 24 hours a day, security arrangements are in force to stop unauthorised visitors.
- In the absence of 24 hour staffing of reception, external doors should be made secure against intrusion and windows closed as necessary to prevent intrusion.
- Where possible, internal doors should be lockable but staff should have reasonable access to pupil accommodation at all times.
- All staff and pupils should know the emergency procedures/escape routes in the event of a fire or emergency evacuation.

First Aid

Any injury incurred by a pupil or member of staff on an off-site activity must be reported by completion of an Accident Report Form as for all accidents within the Academy. (If required a RIDDOR form must also be completed).

All off-site visits and activities should normally be accompanied by a member of staff who is a qualified First Aider. (See the section on 'First Aid' in the Academy's Health and Safety

Policy).

Emergency Procedures

In spite of good planning and organisation, there may be accidents and emergencies that require an on-the-spot response. In the first instance the Home Based Contact (or Principal) should be contacted by telephone, during Academy hours and at home out of hours. If not available, the Deputy Principal should be contacted. Should neither the Home Based Contact, Principal or Deputy Principal be available, the EVC should be contacted. Relevant contact numbers should be available from Reception or the EVC. Members of the senior staff would then use the records of information in the Academy to contact parents as necessary. The senior staff will also make any press or media releases and liaise with Oasis Community Learning.

Incidents of serious misbehaviour and near-accidents during the trip should also be communicated to the Academy via the Home-based Contact as soon as possible, and information passed onto parents as appropriate.

Parental Communications

The need for close communication with parents is expected, so that parents are assured of the whereabouts and the safety of their children at all times, and to forestall potential problems.

The Educational Visits Coordinator (EVC) and the Academy Office must be advised of all visit and activity itineraries and contact phone numbers so that contact with the party can be maintained at all times.

If the visit or activity finishes outside school hours or away from the Academy premises, parents must be notified of the arrangements for dismissal and collection. Careful consideration must be given, in particular, to dismissal arrangements late in the evening.

Telephone Tree

For all trips there must a system in place for swift and effective communication to parents/carers in the event of any problems arising during the visit, such as an earlier or later return to the Academy than published. The Academy may wish to adopt a 'telephone tree' system. For all trip types this should accompany your risk assessment.

Mobile Phones

At the discretion of the Trip Leader, pupils are allowed to take mobile phones on educational visits but they should be used for emergency purposes only. However, as in the Academy, pupils will be responsible for their own belongings. For personal safety reasons, pupils should be advised not to carry mobile phones in a prominent and vulnerable position. On trips abroad, the cost implications of making calls from abroad should also be pointed out to pupils.

Mobile phones, however, can be a vital lifeline on exchange visits. Staff should make arrangements whereby they can be contacted at all times when the group is not under close supervision. Each pupil should have the contact telephone number and should know an emergency code, e.g. a word or a phrase, to be used to indicate that there is a serious problem and help is needed.

Children of accompanying staff

All staff should be aware of the problems that can arise when their own children accompany them on a particular visit or activity. In these situations a conflict of role may occur. Where staff do take their own children on a visit or activity the member of staff **must not** be included in the staffing ratios. The member of staff will be supernumerary and will be available as extra help and supervision.

Staff Absence

If a member of staff is currently absent from work due to illness he/she **must not** participate in any off-site visit or activity.

Staff Code of Conduct

Oasis Community Learning and the Academy Council also adopt the following “**Staff Code of Conduct for Residential Visits**”:

“The Council of the Oasis Academy expects that all adults acting *in loco parentis* on any school trip be mindful of responsible and proper behaviour, so that they are able to exercise their professional judgement at all times”.

It is perfectly acceptable for members of staff to consume alcohol during an off-site visit provided that this is within reason. Excessive drinking at any time is unacceptable. However, at least one member of staff should not be drinking alcohol at any one time.

Although responsibility for pupil welfare on a residential visit is a 24 hour responsibility, it is self-evident that supervisors cannot be on duty for 24 hours. The Trip Leader will publish a daily duty roster, ensuring that all staff have sufficient rest periods. All staff must ensure that they are on duty at the times set down, and have the necessary information about the group and the events at that time.

When travelling overseas it is important for all staff and pupils to respect the local culture and take opportunities to learn enough about local customs. This will ensure that our behaviour does not offend the local people.

Section 6:

SAFEGUARDING AND CHILD PROTECTION

Child Protection & Criminal Records Bureau (CRB) Disclosures for volunteers and staff not employed by Oasis Community Learning

If voluntary helpers, including pupil teachers, parents and partners of staff, are used on off-site visits it is imperative that appropriate checks are carried out in accordance with Child Protection legislation. The Department's issued guidance "Child Protection: Preventing Unsuitable People from Working with Children and Young Persons in the Education Service" and The Education (Teachers) (Amendment) Regulations 1998 made changes to the law with the aim of preventing people who are barred by the Secretary of State from being directly employed by an LA, School, College or Academy from getting around the ban by:

- Working as a volunteer or
- Working in a business that is contracted to provide services to schools or pupils attending them.

Checks **must**, therefore, be carried out on any volunteer who:

- Accompanies a residential trip.
- Has a regular long term contact with pupils or the Academy.
- Is likely to be in sole charge of a pupil under 18 years of age on a one-to-one basis.

Irrespective of whether the volunteer has had a CRB check carried out by another body, it is the legal duty of the Academy to carry out a further check. You will need to allow enough time for check to be carried out. Without a CRB the volunteer will not be able to travel with the group.

The Academy should nominate a person to oversee the completion of Criminal Records Bureau Disclosures. Disclosure Application forms are available from the nominated person. Any volunteer should be asked to complete a form before submitting it to the nominated person. Guidance notes can be found on the CRB website, www.crb.gov.uk.

'Position applied for' should be completed as "Volunteer" and the Organisation is "Oasis Academy _____". Certain documents are also required in order to verify information on the completed form and these documents should be submitted to the Academy nominated person along with the completed form. The documents will be returned immediately after the Academy nominated person has carried out the verification process. The completed form will then be submitted to the Academy's staff member for HR (or nominated person who organises CRB checks).

The Principal must be made aware of any prospective voluntary helpers and a copy of the completed form must be filed with the Academy office. Since these checks are quite lengthy, as much notice as possible should be given. The Principal will determine the time required by the Academy.

Eventually both the volunteer and the Principal will receive an acknowledgement and approval (or not). The volunteer will also receive a Disclosure Certificate. The volunteer will be asked to present their Disclosure Certificate to the Principal in order that a record of the clearance date and disclosure number can be kept on file. Once approval has been obtained

if the same person accompanies the Academy again it should not be necessary to submit another form unless the individual's circumstances have changed.

The Educational Visits Coordinator should also gain assurances from any contractors that appropriate checks have been made for any of their staff who are likely to have access to pupils as part of their normal duties.

Section 7:

PARENTAL NOTIFICATION AND CONSENT

General

Specific Parental and Medical consent must be obtained from the parent(s) of every pupil before commencement of any trip. The parental consent - Appendix 2a relates to a one-off parental consent for all trips and off-site activities. This is in line with the HSE's common sense approach to offsite visits and trips. Appendix 2b relates to the specific trip being organised. The Academy may wish to adapt the consent form (Appendix 2a) according to specific requirements for a particular trip, e.g., including a question on a child's swimming ability, if appropriate.

The Medical form is attached as Appendix 11.

All parental consent and medical forms must be kept safely on file for at least 3 years or until the relevant pupils or cohort leave the Academy.

Pupil Codes of Conduct

The 'Code of Conduct' form for pupils on school visits should be signed by pupils and witnessed by parents. This is attached in Appendix 3 or 15.

The Academy may wish to request this for individual trips if deemed necessary, or request for one to be completed for the whole year.

Matches after hours and on Saturdays

Although prior parental consent for fixtures is not essential, it is recommended that parental consent forms which are valid for the whole year are returned in September. It is important that parents should be made aware of arrangements for reporting and dismissal for home matches, additionally the methods of transport for away matches, and arrangements for emergencies and cancellations.

- Pupils may travel unescorted by public transport to away matches. It is important that they understand clearly what they are to do and expectations of behaviour, bearing in mind that they may be unfamiliar with the locality.
- Pupils may travel in cars driven by teachers, parents or pupils subject to the written approval of the Principal. In this case the policy on 'Minibuses and Use of Private Transport' must be read and followed.
- The arrangements for weekend sports fixtures must be agreed with the Principal or the Principal's representative under arrangements made by the Principal and be made well before the fixtures take place.

Regular extra-curricular activities

Extra-curricular activities that recur regularly (e.g. football training, weekly activity clubs etc.) require the Principal's approval before commencement, but approval then applies for the entire school year, subject to prior written notification to the Principal of any changes to regular arrangements.

Section 8:

GUIDELINES FOR PRE-VISIT MEETINGS

Rationale

The Academy's policy is that all overnight visits must be preceded by a meeting for at least one parent/carer and the pupil and that attendance at this meeting is a condition of the pupil's participation on the visit. In exceptional circumstances where the parent and pupil cannot attend the meeting, adequate arrangements must be made to brief them about the risks and nature of the visit/activity. The reason for this is to explain in detail what arrangements will be in place for the supervision of pupils at all times during the trip and what expectations there will be of pupils with regard to general co-operation and with regard to specific matters such as smoking and drinking and use of rooms. It is important that parents are in no doubt at all about what will happen and what rules will apply, that they have the opportunity to question staff and that they have an opportunity to object (and therefore not participate) in advance of the visit.

Pre-visit meetings also have the advantage that they enable all the paper-work and much of the administration to be completed in one go.

The Educational Visits Coordinator or another senior member of staff will attend all pre-visit meetings.

Guidelines for invitation letters

Circulate a letter with the date of the meeting and time, as soon as you know the names of participants. At least three weeks' notice of the meeting should be given, more if possible. The more advanced the notice the less difficulty there should be with parents who wish not to attend.

Include a 'return' slip with the letter so that you can make alternative arrangements to see parents who are unable to attend. Parents may well find it difficult to attend an early meeting. This will be a matter for the Principal and Council to determine.

The letter should include the following wording:

'Due to the Academy's Educational Visits Policy we have the need to hold an evening meeting for pupils accompanied by at least one parent/carer. The attendance at the meeting of both the pupil and a parent/carer is compulsory if the pupil is to be accepted as a participant on the trip. The meeting will be on (day and date) at (time) in the..... (venue). Please bring any outstanding forms and requested information to this meeting. We expect the meeting to last approximately an hour. Any questions you have regarding the trip can be answered at this meeting. Please confirm, by returning the attached slip that you intend to attend the meeting'.

Arrangements for the meeting

Book a large enough area well in advance and inform the Premises Manager about the meeting. Check with the Premises Manager **the day before** the meeting. Arrive early and lay out all the paperwork.

This may include:

- Parental Consent and Medical form (Appendix 2 or 12 and 13)
- Registration form (Appendix 16)
- Dietary information sheet
- Academy's policy on Alcohol, Tobacco and Drugs on Trips (Appendix 9)
- Pupil Code of Conduct (Appendix 3 or 15)
- Packing list
- Information regarding pocket money, gifts
- Emergency contact details
- Health clearance – if applicable
- Visa application form – if applicable
- Country information pack.

Welcome parents as they arrive and get them to sign in. Give them a pack of papers to be getting on with while others arrive. (If you give the papers out to pupils in advance of the meeting, parents will be more likely to try to avoid attendance). Collect passports, photocopy of EHIC (European Health Insurance Card), photocopy of passport, 2 passport size photographs (for trips abroad).

Check all have arrived by taking a register of **pupils and parents/carers**.

Content of the meeting

- Introduce other teachers and accompanying staff.
- You may wish to give information about itinerary and activities if this has not been done in advance. You may also wish to say that a risk assessment has been carried out for the trip.
- Deal with medical information: Parents should let the staff responsible for the visit know of all medication being taken and of potential problems - even if this information has been previously given to the Academy. In the case of exchanges, this information will need to be passed to host families. Ask for questions.
- Deal with the questions of supervision. Tell the parents how the pupils will be supervised at all times, including free time and meal times. Ask for any questions.
- Explain the Alcohol, Tobacco and Drugs Policy (appendix 9). If senior pupils are to be allowed to drink, specify what you consider to be acceptable; what arrangements you have in place for those whose parents do not want their children to drink - remembering that there may be religious considerations involved and that parents may regard this with extreme seriousness. Ask for any questions.
- Address the areas of discipline, responsibility and trust. Co-operation is expected and failure to co-operate will be regarded as a serious breach of trust with serious consequences (being sent back home, banning from further trips). Staff will be offended by comments from pupils that they are on a free holiday. You may wish to address this point in advance by thanking the staff for giving up their time to accompany a trip. Ask for any questions.
- For exchanges, deal with the question of parties - parents will value guidance on this as they often feel quite at sea and under pressure from their children. Talk about how to be a responsible teenager in someone else's house and about how to participate in a civilised way in someone else's family. Remind pupils about the reasons they

are doing the exchange (e.g. language skills, international friendship, rather than an extended social life). Ask for any questions.

- Explain what the Academy has done about safeguarding pupils at the host venue, and explain that all British host families may be subject to a CRB check.
- Remind pupils that they **must let all teachers know personally** that they won't be in classes - if the trip takes place during term time.

Section 9:

GROUP TRAVEL

Travel by bus or coach

The Trip Leader should ensure that:

- Road transport has seat belts and that pupils wear them at all times whilst the vehicle is moving;
- Seats are reserved for Supervisors to allow them to supervise pupils properly. If a double-decker bus or coach is utilised there must be at least one supervisor on each deck;
- Pupils are supervised when boarding and alighting. A head count should be made on each occasion;
- Extra care is taken when alighting from a right-hand drive vehicle in a country that drives on the right as it is most likely that some doors will open onto the roadside opposed to the kerb side;
- The whole party knows the evacuation procedures, the locations of the first aid kit and fire extinguisher and that luggage must be securely stored and emergency exits kept clear.

Travel by air

Airlines may have a Young Persons' Liaison Officer who will be able to coordinate the activities of a school group whilst in the departure airport terminal and make any necessary in-flight arrangements. Should you wish to use this service, please check with your airline / travel agent to see whether there would be any cost implications.

Online check-in: Trip Leaders may wish to check in on-line 24 hours before the flight is due to take off, in order to ensure that the group is seated together.

The Trip Leader should ensure that:

- A reputable airline is used; ensure that their safety record has been checked. It is important to note that safety should be put before cost. Where possible direct flights are always booked.
- A base is established in the airport terminal whilst awaiting departure and upon arrival while awaiting delivery of the luggage;
- Luggage for the whole group is kept together;
- The airline crew are aware that the school group is on board. Some airlines request that pupils are readily identifiable, e.g. by means of a badge; (However, for personal safety reasons, badges should not bear the pupils' names);
- Seats are reserved for Supervisors to allow them to supervise pupils properly. Pupils are supervised when boarding and alighting. A head count should be made on each occasion;
- Emergency procedures are known and understood by everyone. The group must understand that all hand luggage must be securely stored and emergency exits kept clear.

Travel by boat/ferry

If the group are travelling as foot passengers, ferry companies will often make available a member of their staff to coordinate the activities of a school group whilst in the departure ferry terminal and make any necessary on-board arrangements.

The Trip Leader should ensure that:

- When travelling as foot passengers, a base is established in the ferry terminal while awaiting departure and upon arrival whilst awaiting delivery of the luggage;
- Luggage for the whole group is kept together;
- When travelling by vehicle, everyone should know the location of the coach, e.g. vehicle deck number and colour zone;
- Whether on foot or by vehicle, pupils are supervised when boarding and alighting. A head count should be made on each occasion
- A base is established on board the boat/ferry;
- The ships' crew are aware that the school group is on board. (Some ferry companies request that pupils are readily identifiable, e.g. by means of a badge. However, for personal safety reasons, badges should not bear the pupils' names);
- Emergency procedures are known and understood by everyone. Everyone must understand that hand luggage must be securely stored and gangways kept clear.

Travel by train

Railway companies will often make available a member of their staff to coordinate the activities of a school group whilst at the departure railway station and make any necessary in-travel arrangements, e.g. change of trains. It is possible for pupil groups to reserve seats free of charge on most main line trains.

The Trip Leader should ensure that:

- A base is established at the railway station whilst awaiting the arrival of the train and on arrival while awaiting delivery of the luggage;
- Luggage for the whole group is kept together. Arrangements can be made for luggage to be loaded into the Train Managers' Compartment of the train;
- Pupils are supervised when boarding and alighting. A head count should be made on each occasion. At least one member of staff should always be last to leave the platform or train;
- Supervisors are reserved seats that allow them to supervise properly. If the group is divided between more than one carriage there must be at least one supervisor in each carriage;
- The Train Manager is aware that the school group is on board and what the travel arrangements are;
- Emergency procedures are known and understood by everyone, hand luggage is securely stored and gangways are kept clear.

Minibuses

Specific Minibus Regulations covering the use of the Academy's own buses are laid out in the Academy's separate Minibus and Use of Private Transport Policy;

Where minibuses or coaches are hired, Trip Leaders should ensure that only reputable contractors are used, and that relevant safety documentation is in place, and that the buses have seat belts on all passenger seats.

If self-drive minibuses are to be used for the conveyance of pupils, parents should be informed of the arrangements and should acknowledge these arrangements by signing an appropriate “Form of Consent” (Appendix 2).

Private Vehicles

Oasis Community Learning’s insurance policy covers staff using their own cars occasionally for official use. This would include use of private vehicles for trips authorised by the Academy provided that such use is not ordinarily expected. The insurance cover is comprehensive but staff are responsible for ensuring their vehicles are roadworthy, licensed and have a current MOT certificate.

If pupils travel in parents’ cars or in the cars of other pupils on an official school journey the member of staff in charge is responsible for ensuring that:

- The parent or pupil driver concerned is in possession of a full driving licence;
- The vehicle is licensed and a current MOT certificate applies;
- The driver is adequately covered by insurance that includes liability to passengers;
- The vehicle is not overloaded; and
- The parents of pupil passengers are aware of the arrangements.

Academy staff may not take pupils in their private cars without the written permission of the Principal, who will ensure that appropriate insurance is in place, the car carries a current vehicle licence, the driver has a current licence, and parental consent has been obtained.

Hire of Buses and Coaches

Seat Belts

It is Oasis Community Learning policy that buses and coaches used by the Academy for off-site visits have seat belts fitted to all seats, irrespective of the type of journey or distance travelled, and that these seat belts are worn. With this in mind the “Form of Consent”, for both visits in the UK and abroad, contains an appropriate clause about the wearing of seat belts. Failure to wear the seat belt at all times whilst the vehicle is moving will result in disciplinary action.

Fitness for Purpose

The Trip Leader should verify the following points:

- That all bus/coach drivers employed by the company are legally and physically fit to drive and do not suffer from any known medical condition which would prevent them from driving.
- Bus/coach drivers, when transporting pupils, hold the correct level of driving licence.
- That buses/coaches upon which pupils will travel are legally fit for public transport, in-as-much as they are taxed, insured and have passed an MOT test and other appropriate safety standards.
- That all buses/coaches have seat belts fitted to all seats and in working order.
- That there will be an appropriate number of drivers when travelling on long journeys or when travelling abroad (i.e. two or more drivers for continental journeys as necessary).
- That coach drivers who are likely to be in a one-to-one situation or accompany and stay with a group on a residential visit are CRB checked.

If a member of staff or other adult is assisting a child to put on a seat belt, physical contact with the child must be minimal and only such as is necessary to put on the belt. Staff are advised to undertake such actions in the presence of other adults.

With regard to the wearing of seat belts in Europe, it is Oasis Community Learning policy that seat belts should normally be worn irrespective of the laws for the particular country. Should continental vehicles be used, the Trip Leader should check that seat belts are fitted at the time of hiring.

Section 10:

VISITS ABROAD

Visits abroad should include as far as possible at least one adult with the ability to speak and read the language of the visited country. This may be the tour guide from the tour operator or the local co-ordinator.

Passports

All pupils and staff on Academy visits abroad **must** hold a valid individual passport. However, some countries may not allow a traveller into the country where their passport will expire within a few months of entry.

The Trip Leader should check the passport details of all adults and pupils to prevent the risk of anyone being refused entry.

Details for individual countries can be obtained by contacting the UK embassy or consulate of the relevant country or the UK Passport Agency. Should colleagues need assistance in this matter, please see the Educational Visits Coordinator (EVC). Note: if renewal of passport is necessary this may add to the cost of the trip.

Visa Exemption

Pupils who are not nationals of an EU country will need to travel using their own passport and will normally require a visa to travel to another EU country. However, a school can apply for visa exemption on behalf of the pupils. Details of visa exemption can be obtained from the Home Office or British Council. Should colleagues need assistance in this matter please see the Educational Visits Coordinator (EVC).

Visas

When travelling to some Oasis Global Partner countries visas will be needed. The Community Services Support Team will apply for the visas on your behalf. In order for them to do that, they will need the passports of all travellers. Most countries require passports to have at least one year before expiry at the time of travel.

European Health Insurance Cards (EHIC)

In order that members of the party are covered for medical treatment under EU reciprocal agreements, it is advised that the Trip Leader obtains a European Health Insurance Card (EHIC) for each participant. The Card has now replaced Form E111 which is no longer valid. The Card is not valid indefinitely. Trip Leaders should, therefore, check the expiry date on the Card. EHIC Application packs are available from School Reception or the Educational Visits Co-ordinator. Please note – The Card is not available from a Post Office, as was the Form E111, but must be applied for. The quickest way to obtain the Card is on-line click [here](#). Delivery is guaranteed within 7 days. Please read the associated information on entitlement to EHIC that is also available on the NHS website.

Customs Allowances and Prohibited Items

A leaflet "A Customs Guide for Travellers entering the UK" (Notice1), gives advice about customs allowances when travelling both within and outside the EU. It also details prohibited and restricted goods. The leaflet is available in unlimited quantities via HM Customs and Excise National Advice Service, telephone 0845 010 9000.

Terrorism

Advice about terrorism is available from the Foreign and Commonwealth Office on their website, www.fco.gov.uk/knowbeforeyougo and from the Home Office on their website, www.homeoffice.gov.uk. A section is also included in the risk assessment database for UK airports and UK ports. It must be remembered, however, that there are often exceptions in insurance policies for claims under terrorism unless there is specific advice from the Foreign and Commonwealth Office **not** to travel.

Travel Advice

Travel advice about the safety in specific countries is available from the Foreign and Commonwealth Office on their website, www.fco.org.uk/knowbeforeyougo. Once again, it must be remembered that there are often exceptions in insurance policies for claims under refusal to travel unless there is specific advice from the Foreign and Commonwealth Office **not** to travel.

Exchange Visits

Oasis Community Learning encourages pupil exchanges, but expects the Academy to ensure that rigorous checks are made as far as is reasonably practicable.

Detailed guidance is available in a document by The Outdoor Education Advisers' Panel entitled "Young People's Exchange Visits". This document includes detailed advice and procedures including the need for Criminal Records Bureau (CRB) Disclosures and reciprocal checks. Relevant checks need to be carried out on the families hosting the home stay. This means:

- CRB checks for British families. If there is a cost implication, since the measure is to protect British pupils, it is not unreasonable to pass the cost of such a check to parents as part of their contribution to the cost of the visit.
- A relevant check for reciprocating families in the country to be visited. Where equivalent checks do not exist, in general the head of the receiving establishment will be requested to verify that to the best of their knowledge hosts are suitable. Oasis Community Learning **must** be informed if this is the case.
- If satisfactory evidence cannot be ascertained or if hosts refuse to supply the information the visit should **not** continue.

The Academy may ask Oasis Community Learning for a final determination.

Note: Electronic checks may be carried out by the academy. Please contact the trip EVC.

Section 11:

USING ACTIVITY AND VENTURE CENTRES

The Activity Centres (Young Persons' Safety) Act 1995 makes provision for the regulation of centres and providers of facilities where children and young persons under the age of 18 engage in adventure activities, including provision for the imposition of requirements to safety. This Act is implemented by the Adventure Activities Licensing Regulations 1996. The Act does not extend beyond Great Britain so adventure centres abroad, even if provided by a British travel company, are not within the scope of these Regulations.

The Act requires any provider of named adventurous activities (known as "in scope" activities), covering over 20 main activities under the broad headings of Climbing, Caving, Trekking and Water sports, to hold a licence. The Adventure Activities Licensing Agency, a branch of the Health and Safety Executive (HSE) provides this licence, on behalf of the DfE, after a satisfactory inspection. The aim of the adventure activities licensing scheme is to give assurance that good safety management is being followed so that young people can continue to have opportunities to experience exciting and stimulating activities outdoors while not being exposed to avoidable risks of death and disabling injury.

Note: it is important to ensure that you have clearly identified how rescue services will be contacted if necessary. You must check these arrangements before embarking on these activities.

The following activities are within scope of the scheme:

Caving

Defined as: underground exploration in natural caves and mines, including potholing, cave diving and mine exploration - but not parts of show caves or tourist mines which are open to the public.

Climbing

Defined as: climbing, traversing, abseiling and scrambling activities except on purpose-designed climbing walls or abseiling towers. 'Scrambling activities' includes gorge walking, ghyll scrambling and sea level traversing.

Trekking

Defined as: walking, running, pony trekking, mountain biking, off-piste skiing and related activities when done in moor or mountain country which is remote. Travelling in any place which is moorland (open uncultivated land at any height above sea level) or on a mountain above 600m and from which it would take more than 30 minutes travelling time (never more than 1.5k) to walk back to an accessible road or refuge is subject to licensing except for on piste skiing.

Skiing on piste does **not** require a licence. However, it is important to note that if the skiing venue is not providing ski lessons/instructions by a qualified ski instructor, the Trip Leader must be fully qualified as a ski instructor.

Water sports

Canoeing (using canoes or kayaks), rafting (using inflatable or improvised craft), sailing (using sailing boats, windsurfers, dinghies or other wind propelled craft) and related activities

when done on the sea, tidal waters or larger non-placid inland waters. Any stretch of inland waters, which is categorised at Grade II or above according to the International Canoe Federation classification or where it is possible to be more than 50m from the bank, is subject to licensing.

A licence is **not** required where it is not possible to be more than 50 metres from the nearest perimeter bank or for the use of rowing boats, powered or towed inflatables or rafts, and the larger sailing vessels that go to sea and are subject to Merchant Shipping Act certification.

It is important for any teacher to check whether a provider is licensable and, if so, holds a licence, before arranging to use adventure facilities. An activity provider is required by the terms of the licence to display the licence at the centre or have available the licence for inspection at any reasonable time. Any licence holder referring to the holding of a licence **must** state the adventurous activities covered by the licence and give the telephone number of the Licensing Agency.

To date, over 1000 providers hold licences but not all providers have to hold licences. Holding a licence simply means that the provider has been inspected and complies with the criteria for the Adventure Activities Licensing Agency (AALA). A list of licensed Activity Centres can be obtained from the AALA website: www.aala.org.uk.

The Trip Leader should also check the provider's arrangements for those elements not covered by the licensing scheme, e.g. accommodation, catering, supervision and recreation during the evenings and between adventurous activities. Trip Leaders and teachers retain overall responsibility for young people **at all times** during adventurous activities, even when the group is under instruction by a member of the provider's staff.

Everyone, including the pupils, must have an understanding of the roles and responsibilities of the Academy staff and the provider's staff. Trip Leaders and other responsible adults should intervene if they are concerned that the pupils' safety may be at risk.

Most reputable UK adventure centres that are outside the scope of licensing are members of the British Activities Holiday Association (BAHA) and are subject to their code of practice and inspection. Details of their members can be found on the BAHA website: www.baha.org.uk.

Swimming

Most of the accidents on off-site visits occur in water, or at water margins. Trip Leaders must pay special attention to safety issues when the activity is in or near water:

- All supervisors must be briefed on safety aspects prior to the activity taking place.
- A member of the team **must** be suitably qualified in life saving. For outdoor activities, e.g. pond, lake, river, sea, this **must** be a life-saving qualification for open water.
- One adult **must** always stay out of the water for better surveillance.
- The recommended pupil/teacher ratio of 15:1 should not be exceeded.
- Additional measures must be taken if the swimming is in the sea or other natural waters. Paddling in open water is categorised as swimming.

Further advice has also been given by the government in the HASPEV supplement “Group Safety at Water Margins”:

- Swimming and paddling **must not** be allowed as an impromptu activity. In-water activities should only take place as part of a pre-arranged programme when a proper risk assessment has been completed and proper measures put in to control the risks.
- The activities **must** be formal and closely supervised.

All participants involved in water activities must be confident in water. The ability to remain calm on sudden immersion is of greater importance than the ability to swim a prescribed distance. A combination of water confidence and proven swimming ability, however, is highly desirable.

Section 12:

FINANCE

The Trip Leader should liaise with the Educational Visits Coordinator (EVC) and the Bursar over the budgeting/ estimates/ and costings, and the financial arrangements for the activity.

Charging for Activities

Oasis Community Learning has to conform with the government's Charging for Activities regulations. No charges can be made for any activity in Academy time or which is a part of the Academy's national curriculum provision.

Residential Visits

The Academy can, however, charge for the cost of board and lodging during a residential visit. The cost must not exceed the actual cost of the provision.

Where the visit takes place wholly, or mainly, during school hours children whose parents are in receipt of the income support set out in the current regulations will be entitled to a remission of the charges as well as a free school meal. The current regulations include:

- income based support job seekers allowance;
- income support;
- support under part vi of the Immigration and Asylum Act 1999;
- child tax credit (provided the parent is not entitled to Working Tax credit and their annual income does not exceed the current maximum);
- guaranteed state pension credit.

A similar entitlement applies if the visit takes place outside Academy hours, but is necessary as part of the national curriculum, forms part of the curriculum for a prescribed examination for which the pupil is being prepared, or the syllabus for religious education.

In cases of financial hardship which are not covered by the above regulations parents may still apply to the Oasis Community Learning Board for a grant. Parents should be informed of this in the visit information.

Voluntary Contributions

The Academy may ask parents for a voluntary contribution towards the cost of any activity which takes place in Academy hours. The contribution must be genuinely voluntary, but pupils of parents who are unable or unwilling to make a voluntary contribution must not be discriminated against.

Where there are not enough voluntary contributions to make the activity possible, and there is no way to make up the shortfall the activity must be cancelled.

The Oasis Community Learning policy is for the Academy to charge parents for residential visits as allowed by the regulations and to make relevant remissions of the cost to parents who qualify according to the regulations. In all other instances the Academy must request voluntary contributions and make up any shortfall from Academy sources. Where this does not cover the cost the activity must be cancelled.

Costing of Activities/visits

The member of staff in charge of a visit/off-site activity is responsible for ensuring that the full costs involved are covered either by parental contribution or by pre-arranged subvention from Academy funds.

The following main costs need to be considered but others will apply depending on the nature of the journey:

- Any cost of cover for absent staff
- Accommodation
- Food
- Travel/transfers
- Excursions
- Administration costs in organising the journey
- Insurance
- Visas – if applicable
- Vaccinations – if applicable
- Contingencies

Accounts

A record of receipts and payments should be kept and supported wherever possible by documentary evidence.

The records should be available at any time for examination by the Principal or the Bursar and will be reviewed annually by the Academy's Auditors. They should be retained at the Academy for a minimum period of six years.

For all practical purposes the Academy Finance Office will act as the bank for all visits and activities. All income relating to the journey should be passed to the Academy Office and all payments should be requested from them except in circumstances where imprest accounts have been authorised for the trip by the Academy Bursar.

In no circumstances should the personal accounts of members of staff be used for any Academy activity.

Where a pupil withdraws from a trip, or is banned from a trip because of bad behaviour, after arrangements have been made, sufficient funds should be withheld from the contributions already made by that pupil's parents in order to cover any irrecoverable costs incurred on the pupil's behalf.

On return from a journey, surplus funds should be repaid to parents where the sums are significant (minimum £5/£10 per child depending on the original cost). Any remaining surplus should be held over as contingency for succeeding trips.

Parents will be informed in the documents for the visit of the relevant visit budget, the finance procedures and rules.

Insurance

The Academy has insurance cover for pupils on off-site activities. The cover includes Personal Accident, Medical Expenses, Cancellation or Curtailment, Baggage and Money, and applies to travel world-wide. For Oasis Global Partnership trips the level of cover may

need to be increased. Trip Leaders should check with the Community Services Support Team.

The policy has limits on payments and in some categories excesses apply. A copy of the current policy may be obtained from the Academy Finance and Business Manager.

The premium that applies will be advised to staff at the start of each school year and depends on the length of the visit/activity and its destination. The cost will be charged by the Academy Finance Office to the activity account, and should be included in the costings for the purposes of charging to parents.

If an incident occurs which may give rise to a claim, liability should not be admitted at the time, but the matter should be referred to the Academy Finance Office as soon as is practically possible. Losses or theft that might result in an insurance claim should be advised to the local police in accordance with the requirements of the policy.

On educational visits within the EU, some medical cover is provided by the pupil's own EHIC card which is available, on application to the DHSS for all EU national. This card is online or by post and pupils should be required to obtain one and evidence its possession to the Trip Leader prior to the journey commencing.

LIST OF APPENDICES

1. Notification and Approval Form
2. Parental Consent and Medical Form
 - 2a – Parental consent – HSE Common sense approach
 - 2b – Parental consent - trip specific
3. Pupil Code of Conduct
4. Risk Assessment Template
5. Audit of an Academy visit venue/attraction – health and safety checklist
6. Accommodation Audit
7. Evaluation Form – Off-site Activities and Visits
8. Trip Leader’s checklist outline
 - 8a – Trip Leader’s checklist – Type A trips
 - 8b – Trip Leader checklist – Type B trips
9. Policy on Alcohol, Tobacco and other Drugs on Academy Trips
10. Extra Insurance
11. Oasis Global Partnership Visit (OGPV) initial enquiry and approval form
12. OGPV Parental Consent and Medical Form
13. OGPV Staff Medical Form
14. OGPV Risk Assessment including Accommodation
15. OGPV Pupil Code of Conduct
- 16a OGPV Trip Leader/Teacher Registration form
- 16b OGPV Pupil Registration forms
17. OGPV Procedure Guidelines
18. References

Appendix 2a

CONSENT FORM FOR SCHOOL TRIPS AND OTHER OFF-SITE ACTIVITIES

Please sign and date the form below if you are happy for your child,

_____ (name)

- a) To take part in school trips and other activities that take place off school premises; and
- b) To be given first aid or urgent medical treatment during any school trip or activity.

Please note the following important information before signing this form:

- The trips and activities covered by this consent include;
 - all visits (including residential trips) which take place during the holidays or a weekend
 - adventure activities at any time
 - off-site sporting fixtures outside the school day,
 - all off-site activities for nursery schools.
- The school will send you information about each trip or activity before it takes place.
- You can, if you wish, tell the school that you do not want your child to take part in any particular school trip or activity.

Written parental consent will not be requested from you for the majority of off-site activities offered by the school – for example, year-group visits to local amenities – as such activities are part of the school’s curriculum and usually take place during the normal school day.

Please complete the medical information section below (if applicable) and sign and date this form if you agree to the above.

MEDICAL INFORMATION

Details of any medical condition that my child <name of child> suffers from and any medication my child should take during off-site visits:

Date.....

Appendix 2b

PARENTAL CONSENT AND MEDICAL FORM

Name of Activity:

Date of Activity:.....

Pupil's Name:		Tutor Group:	
Date of birth:			
Home address:			
	Postcode:		
Passport No. (for trips abroad only)			
Name of parent/ carer:			
Parent/carers contact Telephone numbers (For emergency use only):	Day time: Evening: Other (mobile):		

I have read the details about this visit and hereby give my consent to:

- (i) My son/daughter participating in the activities described.
- (ii) The Academy obtaining or rendering properly-qualified medical assistance to my son/daughter in the necessary circumstances.
- (iii) The Academy, where appropriate, administering the prescribed dose of any required medication as advised by a pharmacist, e.g. Paracetamol or travel-sickness tablets.

I also acknowledge:

- (i) The need for my son/daughter to be obedient and act responsibly.
- (ii) The Academy may refuse to take my son/daughter on the activity, if he/she exhibits serious misbehaviour before the activity. In the event of serious misbehaviour during the activity, the Academy has the right to exclude my son/daughter from the remaining part of the activity. In either case the Trip Leader's decision shall be final and I shall forfeit all monies paid in respect of the activity. I also understand that I may be requested to collect my son/daughter from the activity's venue at my own expense in the case of serious misbehaviour.

- (iii) That any photographs or video film taken during the visit must be solely for your individual family's use and must not be distributed more widely. Photographs may also be taken for publicity use by the Academy.
- (iv) That for some activities there may be occasions when a member of Academy staff or another parent will transport my son/daughter by private car as opposed to the use of a coach or bus.
- (v) That the Government Guidance states, "Trip Leaders should ensure that transport by road has seat belts and that pupils wear them". This is fully endorsed by Oasis Community Learning, who have further advised that, in the event of a pupil refusing to wear the seat belt, the Trip Leader has the right to refuse to take that pupil on the visit.

Appendix 3

PUPIL CODE OF CONDUCT

Academy off-site visits are intended for pupils and accompanying staff to experience sights and activities, over and above those available in the classroom, in a safe, enjoyable and disciplined manner. Pupils are expected to behave sensibly and respectfully whilst on such trips so that everyone can stay safe and enjoy the experience of learning outside the classroom.

Signing the declaration below is required before being accepted on a trip. Please read the statements carefully and, if in agreement, sign and return to the Trip Leader.

Declaration by Pupil (witnessed by Parent /Carer)

I agree:

- 1) to follow the Academy rules;
- 2) to cooperate fully and promptly at all times with the Trip leader and accompanying staff;
- 3) to behave in a way which is sensible and considerate towards others;
- 4) to ensure my conduct has the safety of myself and others in mind and reflects credit on myself, the group and the Academy;
- 5) to adhere to the Academy's No smoking, alcohol and drugs policy;
- 6) to give permission for my possessions to be searched by staff if they have cause for concern;
- 7) to ask staff for clarification if I am unclear on any instructions or detail.

I further accept that a full written report of any misconduct will be given to the Academy leadership team and my parents. I understand that I will be expected to serve any punishment imposed on me for misconduct, both on the activity and on return. I also understand and agree that I may be sent home or collected from the activity, at my parents' expense, if required by the Trip Leader. I further understand that, should I break the law of the country I am visiting, the local police may become involved.

AUDIT OF AN ACADEMY VISIT VENUE/ATTRACTION – health and safety checklist

The following core questions to potential venues/attractions should form part of a school's risk assessment and safety management plan. They are the minimum that the law requires for compliance with the school's duty to assess risks associated with the venues to be visited. For many schools the LA might do this, or might keep a dossier on suppliers.

We recommend that this information is obtained by way of a fax to the supplier, who should be asked to reply within 7 days:

Date of visit:		
Name of venue/attraction:		
Key contact and contact details:		
Does the attraction comply with all local and national standards?		
Does the attraction require an operator's licence? (if yes, please send a copy)		
Is any safety equipment required? (if yes, state what is needed and what is provided)		
Does the attraction have liability insurance? (if yes, please send a copy)		
Does the attraction have a fire certificate? (if yes, please send a copy)		
Does the attraction have a health and safety policy or has it carried out risk assessments? (if yes, please provide copies/statement of compliance)		
Are there any other health and safety matters to bring to the attention of educational or other groups? (If so, please provide details)

Would you recommend the venue / accommodation? Why/ why not?	
Any feedback on transport provider?	
Any advice for future trips?	
Are the accounts finalised?	

Appendix 8

TRIP LEADERS' CHECKLIST

Scope

This checklist is intended to cover all off-site activities organised through the Academy including those involving travel within the UK or overseas, residential or day visits, and those in term time or school holidays.

Rationale

- 1) Over recent years we have seen the public's attitude, regarding how risks associated with out of school visits and events are managed, shifting and hardening. The current climate is far more litigious and there is an expectation that effective risk management processes are in place and are seen to have been followed.
- 2) This check list is an aid to help staff ensure that activities are run according to current best practice guidelines. When completed, it provides visible evidence that the Academy has considered the various types of risk and where necessary can help prove that staff have effectively discharged their 'Duty of Care'.
- 3) We aim to ensure that we continuously refresh our processes based on practical experience fed back from Trip Leaders and any other sources of current best risk management practice.

With whom does the responsibility for an Off-site Activity/Visit lie?

There is a pyramid of responsibility with ultimate responsibility resting with Oasis Community Learning. In practice this is delegated as explained below:

- The Trip Leader (and accompanying staff) have first line responsibility for the successful and safe running of the activity on a day to day basis including completion of any necessary documentation as set out in the Oasis Community Learning policies.
- An Educational Visits Co-ordinator (EVC) has been appointed to establish and update the guidelines and to help staff understand the Academy's Off-site activities policy and related guidance.
- The EVC (with a member of Leadership Team if they wish) is asked to review the arrangements for each relevant activity before it leaves the Academy, focusing on safety, risk management and financial perspectives.
- The Principal is responsible on behalf of the Council and Oasis Community Learning for ensuring that procedures are comprehensive and that guidelines are put into practice.

Who fills in this check list and who does it go to?

- 1) The check list is the responsibility of the Trip leader. **ALL** leaders for **ALL** off-site activities are requested to use the checklist - even if they have run the activity previously and have a wealth of experience.
- 2) When the process is complete up to section F1 (or I1 for residential trips), the check list should be taken, along with all supporting materials and documentation, to the meeting with the EVC.
- 3) When the visit/activity is completed and has returned a short report should be given to the EVC to go in the file.

Who has access to the check lists and other documentation?

- 1) It will be available for all future Trip Leaders so we can pool our knowledge, learn from each other's experiences and further protect both staff and pupils on Academy visits.
- 2) It could be used to assist in our defence in any litigation brought against teachers, the Principal and Council/Oasis Community Learning.
- 3) Risk assessments and trip details have to be made available to parents if they are requested.

Thank you for your time in organising a trip and offering valuable opportunities to our pupils

Appendix 8a

ACADEMY TRIP LEADERS' CHECK LIST – Type A trips

Organising an Academy day visit or even an evening outing is a time consuming task. This checklist is to help overcome some of the organisational pitfalls and omissions.

Before deciding to do a trip

- Read Academy procedures on Charging and Remissions, Off-Site Activities and Use of Private vehicles and minibuses.
- Check proposed dates against Academy calendar.
- If minibus required, check availability and make provisional booking.

On deciding to do trip

- Register proposed trip using the Notification and Approval form (Appendix 1), and submit for approval with risk assessment/s and itinerary (see section 1 of policy) to the Head of Governance Services by emailing: tripsandvisits@oasisuk.org
- See the EVC to check regulations and requirements with regard to travel and risk assessments.
- Indicate if insurance is required or submit details of independent insurance for approval if required.

On receiving approval

- Put details in the weekly staff newsletter.
- Circulate initial letter to target year/subject group(s) and collect deposits. (Ensure all relevant information is included. i.e. dates, cost, payment schedule, insurance details, any penalty clauses for withdrawal, selection criteria, mechanism for dealing with over-subscription, any provision for families on benefits, details of parents evening, if passport required, etc.)
- Set deadline for applications to be returned.
- See Finance Dept and open trip cost centre account.

After applications have been received

- Submit list of pupils to EVC who will circulate the list to the relevant Heads of Learning. If the organizer, EVC or Head of Learning has doubts about a pupil, a relevant member of ALT should be consulted.
- If oversubscribed, consult designated member of ALT before forming reserve list.
- Inform pupils and parents of their status i.e. included on trip, reserve for trip, not included on trip.

The week before the trip leaves

- Give final list to Finance Dept for insurance (if required).
- Give final names, addresses and contact numbers for pupils, and staff, to school office along with trip venue, transport and itinerary details. Copy complete folder to designated member of ALT.

After the trip

- Write a short report on trip to help future trip leaders by completing Appendix 7 of this policy.
- Finalise accounts (with receipts and invoices where possible). Give to Finance Dept.
- Discuss the disposal of any surplus monies with the Finance Dept.

- Keep permission and health forms for up to one year in case of problems or claims.
- Write any thank you letters required.

After the dust has settled

- If considering another trip, consider how well you think your team performed. If satisfied, return to top of page 1 and start organising your next activity!

Appendix 8b

ACADEMY TRIP LEADERS' CHECK LIST – Type B trips

Organising an academy visit is a time consuming task. This checklist is to help overcome some of the organisational pitfalls and omissions.

Before deciding to do a trip

- Read Academy procedures on Charging and Remissions, Off-Site Activities and Use of Private vehicles and minibuses.
- Check proposed dates against Academy calendar.
- If minibus is required, check availability and make a provisional booking.

On deciding to do a trip

- Register proposed trip using the Notification and Approval form (appendix 1), and submit for approval with risk assessment/s and itinerary (see section 1 of policy).
- See the Educational Visits Coordinator (EVC) to check regulations and requirements.
- Indicate if insurance is required or submit details of independent insurance for approval.

On receiving approval

- Put details in the weekly staff newsletter.
- Circulate initial letter to target year/subject group(s) and collect deposits. (Ensure all relevant information is included i.e. dates, cost, payment schedule, insurance details, any penalty clauses for withdrawal, selection criteria, mechanism for dealing with over-subscription, any provision for families on benefits, details of parents evening, if passport required, etc.)
- Set deadline for applications to be returned.
- See Academy Finance Department and open trip cost centre account.

After applications have been received

- Submit list of pupils to EVC who will circulate the list to the designated Heads of Learning. If the organiser, EVC or Head of Learning has doubts about a pupil, a relevant member of ALT is to be consulted.
- If oversubscribed, consult designated member of ALT before forming reserve list.
- Inform pupils and parents of their status i.e. included on activity, reserve for activity, not included on the activity.
- Circulate date of Parents and Pupils Pre- Meeting (If not included in initial letter).

At least 3 months before activity

- Do final risk assessments and submit to EVC, Principal and Oasis Community Learning for approval.
- Submit staff permission of absence forms to designated ALT member for approval.
- Submit provisional list of staff to ALT.

At least 1 month before activity

- Hold trip staff meeting to decide on activity/visit rules (N.B. must comply with school policies) and arrange roles i.e. First Aider (preferably currently qualified), duty rota (if required), etc.
- Designate a senior member of staff to act as the home-based emergency contact throughout the trip.

- Arrange a risk review meeting with EVC.
- Hold parents and pupils meeting. (Include details of accommodation, transport, emergency contact details, staffing, standards of expected behaviour, school policy on alcohol and drugs etc. Also include the provisional itinerary.)
- Issue and collect in parental permission, health and alcohol forms.
- Get list of pupils' addresses, home phone numbers and parental contact numbers for **during the trip**. (Ensure parents who are teachers do not give the school number for daytime contact during the holiday period.)

At least 2 weeks before activity

- Give final names, addresses and contact numbers for pupils, and staff, to school office along with accommodation, transport and itinerary details.
- Arrange 'cascade' contact system (e.g. telephone tree) – essential on overseas visits.
- Arrange to withdraw a school travel first aid kit and school mobile phone.
- Check transport and accommodation details (with tour operator if necessary).
- Issue memo to parents confirming arrangements.

The week before the start of the activity

- Collect first aid kit.
- Give any revisions of party composition to office.
- Collect petty cash (if required).
- Collect school mobile phone if necessary.

After the trip

- Write a short report on trip to help future trip leaders by completing Appendix 7 of this policy.
- Finalise accounts (with receipts and invoices where possible). Give to Finance Dept.
- Discuss the disposal of any surplus monies with the Finance Dept.
- Keep permission and health forms for up to one year in case of problems or claims.
- Write any thank you letters required.

After the dust has settled

- If considering another trip, consider how well you think your team performed. If satisfied, return to top of page 1 and start organising your next activity!

Appendix 9

EXTRA INSURANCE

For educational visits that do not have insurance cover provided by a travel company it is possible to arrange with a reputable insurance company an Educational Visits/Off-site Activities Insurance Policy. This policy should provide cover for all types of off-site activity (part-day, day or residential) worldwide and includes cover for:

- Personal accident, including death and permanent disablement
- Medical and associated expenses
- Emergency travel expenses and rescue assistance
- Personal property and money including passport indemnity
- Cancellation, curtailment and travel delay
- Replacement personnel expenses
- Personal liability
- Legal expenses

The cover available for money per person is limited. Since the total amount of money taken on an educational visit often exceeds the limit per person, it is advisable that the Group Leader divides the monies between themselves and the other adult supervisors. The insurance should also provide a 24-hour emergency assistance telephone service to provide pre-travel advice and medical assistance.

Pre-travel advice from the insurers should include advice on:

- Visa requirements
- Climate
- Vaccinations
- Political situation
- Health warnings
- Driving restrictions
- Currency
- Banking hours

Medical assistance includes help with:

- Medical advice
- Special medicines
- Repatriation
- Referral to specialists
- Hospital admission
- Hospital guarantees
- Special equipment
- Return of mortal remains

In order that there can be no question of the degree of insurance cover, it is advisable that parents with personal travel insurance policies are **not** given the opportunity to opt out of the collective insurance cover, either as described above or as part of a package arranged through a travel company.

Appendix 10

Oasis Global Partnerships Visits Initial Enquiry & Approval Form

Oasis Academy Name:

Oasis Global Partnership Visit Destination Country:

Proposed Dates for Trip:

Proposed Length of Trip:

Proposed No. of people 18 years of age and under:

	12	13	14	15	16	17	18
Male							
Female							

Supervising Adults - Proposed Names of people 19 years of age and over:

	19+
Male	
Female	

Proposed Learning Objectives for the Trip:

- 1)
- 2)
- 3)
- 4)

Proposed Learning Outcomes for the Trip:

- 1)
- 2)
- 3)
- 4)

Proposed Activities for the Trip:

How will the trip develop your Oasis Global Partnership?

Name of Trip Leader (Academy Teacher/Staff):

Job Title:

Email Address:

Contact Number:

Please outline previous relevant experience:

I request approval for the initial enquiry of this trip and have read the OCL Off-Site Activities and Education Visits Policy

Appendix 11

OGPV Parental Consent & Medical Form

Oasis requires all those under 18 years of age to have the written permission of their parent/guardian before they can participate in an Oasis Global Partnerships Team Visit. Oasis also requests that the parent/ guardian sign a consent form that allows the team leaders to take decisions over medical emergencies if the parent/guardian cannot be contacted.

Please read carefully through the form below, complete it and return it to Oasis central office. If you have any questions regarding anything contained in this form, please contact us.

Full Name of Participant:

Date of Birth:

Home Address:

Telephone Number:

Email Address:

Parent/Guardian Name:

Relationship to participant:

Address (if different to participant):

Telephone Number:

Email Address:

Participant's Medical History

GP's Name:

GP's Address:

GP's Telephone number:

National Health Number:

Blood Group:

Please list any medication that the participant is currently taking, including the dose and the time that this is taken:

Does the participant suffer from any of the following?

	Yes	No
Asthma		
Chest complaints/ Wheezing		
Hay Fever		
Migraines		
Fits or fainting		
Nervous Disorder		
Other (please state):		
Allergies (please list any the participant may have):		

a) Please indicate when the participant had the following immunisations (If required for their visit):

Vaccine	Date
Diphtheria	
Hepatitis A	
Hepatitis B	
Meningitis	
Polo	
Rabies	
TB	
Typhoid	
Yellow Fever	

Diet

- **Does the participant have any dietary preferences or needs?**
-
-
-

-
-
-
-

Additional Information (amend as necessary for trip itinerary)

Is there any other information, medical or otherwise, you feel Oasis should know?

Do you give permission for the participant to swim whilst away? (There may not always be qualified lifeguards on the premises)

Yes/ No

(Please circle as appropriate)

Do you give permission for the participant to take part in white water rafting whilst away? (We use Adrift who are a well-known and respected company, who have run rafting trips for all Oasis teams)

Yes/ No

(Please circle as appropriate)

Do you give permission for the participant to take part in a safari whilst away?

Yes/ No

(Please circle as appropriate)

Emergency Contact

Please give two emergency contacts (Parents/ Guardians should be given under No. 1)

1. Name:

Relationship to participant:

Address:

Daytime Telephone number:

Evening Telephone number:

- **Mobile Telephone number:**
-
- **Email Address:**

Please note that Oasis will contact the Emergency Contact No.1 to inform them of the participant's safe arrival at their placement.

2. Name:

Address:

Daytime Telephone number:

Evening Telephone number:

Mobile Telephone number:

Email Address:

Consent

I, _____, confirm that I allow _____
to participate in the Oasis Global Partnership Visit to _____.

I give my consent that in the case of an emergency where it is not possible to contact me, an appropriate leader will give any consent necessary and sign any relevant documents. I also agree that, if required, the necessary medical treatment may be administered.

I, _____, have read, and understand the Oasis Code of conduct and Disciplinary Measures. I give my permission that in the case of _____, stepping outside of this code of conduct, that Oasis may follow disciplinary measures.

Liabilities

I, _____, accept that:

Oasis excludes liability for personal injury or death suffered by a team member as a result of:

- 1) events outside its control or the control of the officially appointed leadership
- 2) Actions taken by the team member which are at variance with the code of conduct and rules
- 3) Actions taken by the team member which are deemed illegal according to the law of the country in which the member is based
- 4) Actions taken by the team member which are in contravention of, or inconsistent with, the instructions of the officially appointed leadership.

I also acknowledge that in being part of an Oasis Global Partnerships Visit in countries where there is instability, civil disorder, guerrilla military activity or rebellion

_____ is voluntarily placing him/herself in a situation of greater risk of death or personal injury.

Signature: _____

Please print name: _____

Date: _____

Appendix 13

OGPV Risk Assessment

What is a Risk Assessment?

A Risk Assessment is a written document which notifies everyone concerned within a certain task or activity of the risks involved, how the risks are controlled and how they help keep people safe. In other words, it is a careful examination of what could cause harm to people, so that it can be seen if enough precautions have been taken or that more should be done to prevent harm.

The important things that need to be decided upon are whether a **hazard is significant** and whether you have it covered by satisfactory precautions so that the **risk is small**.

- A risk assessment should be carried out prior to the group's departure, and appropriate safety measures and emergency procedures put in place.
- Where possible a pre-trip visit should be made by the group leader/ organiser.
- A risk assessment does not have to be complex, but should be comprehensive.
- A risk assessment should have the aim of preventing, or reducing the risks.
- Team members should not be placed in situations which expose them to unacceptable levels of risk. Safety should be the prime consideration. If the risks cannot be contained then the visit should not take place.
- A copy of the risk assessment should be given to all those with responsibility for the team. They should be told of the measures that they should take to avoid, or reduce, the risk.

The risk assessment should be based on the following questions:

- | | |
|---------------|---|
| Step 1 | What are the hazards? |
| Step 2 | Who might be harmed and how? |
| Step 3 | What safety measures need to be in place to reduce risks to an acceptable level? |
| Step 4 | What steps will be taken in an emergency? (A contingency plan) |
| Step 5 | Have I recorded all my findings? |
| Step 6 | Do I review and revise each risk assessment regularly? |

When undertaking a risk assessment the following points need to be considered:

1. Type of visit/activities planned
2. Type of accommodation(s) being used
3. Type of location, routes and modes of transport
4. The medical needs of the group
5. What illnesses are they at risk of and what to do in the case of illness
6. Seasonal conditions, weather and timing

7. Emergency procedures
8. The competence, experience and qualifications of supervisory staff
9. The group members' age, competence, fitness and temperament and the suitability of the activity.
10. What to do in the case of someone breaking the code of conduct.

N.B. The items already on the risk assessment are just a guide – they may or may not apply to your trip. Please amend as appropriate.

Once completed please send a copy to your Country Director and the Global Partnership Team in the UK.

Risk Assessment

Please read attached notes before filling in this form

Country and type of team				Country coordinator		
<i>Oasis Global Partnership Team from Oasis Academy? (? Staff & ? Pupils) visiting Oasis?</i>						
Activity	Who may be affected?	Potential hazards	Risk (H, M or L)*	Control measure	Any further action	Is risk adequately controlled?
Travel to and from the airport in the UK	All			11.		
Travel from airport	All			12.		
Transport to and from project	All			13.		
Activity 1				14.		
Activity 2						
Activity 3

7				
8				
9				
10				

In the event of any problems arising during the visit, it is important that you construct a 'Telephone Tree' in order that information can be relayed to all concerned in the minimum amount of time and at a minimum cost to any individual. The 'Telephone Tree' should begin with a local number that the local country co-ordinator/parents can ring, day or night, in the event of an incident during the visit. The person at the top of the Emergency Telephone Tree should be the Oasis Global Partnerships Leader followed by a member of the Academy Leadership Team.

Oasis Global Partnerships Visits

PUPIL CODE OF CONDUCT

Academy off-site visits are intended for pupils and accompanying staff to experience sights and activities, over and above those available in the classroom, in a safe, enjoyable and disciplined manner. Everyone is expected to behave sensibly and respectfully whilst on such trips so that everyone can stay safe and enjoy the experience of learning outside the classroom.

Signing the declaration below is required before being accepted on a trip. Please read the statements carefully and, if in agreement, sign and return to the Trip Leader.

Declaration by Pupil (witnessed by Parent /Carer)

I agree:

- to follow the Academy rules;
- to cooperate fully and promptly at all times with the Trip leader and accompanying staff;
- to behave in a way which is sensible and considerate towards others;
- to ensure my conduct has the safety of myself and others in mind and reflects credit on myself, the group, the Academy and the Oasis organisation I am visiting;
- to adhere to the Academy's No smoking, alcohol and drugs policy;
- to give permission for my possessions to be searched by staff if they have cause for concern;
- to ask staff for clarification if I am unclear on any instructions or detail;
- to respect the local culture and take opportunities to learn enough about it to ensure that I don't upset the local people. This includes wearing appropriate clothing as directed by our overseer and being willing to eat local food (bearing in mind clothes, food and mealtimes have different cultural values in different countries).

I further accept that a full written report of any misconduct will be given to the Academy leadership team and my parents. I understand that I will be expected to serve any punishment imposed on me for misconduct, both on the activity and on return. I also understand and agree that I may be sent home or collected from the activity, at my parents' expense, if required by the Trip Leader. I further understand that, should I break the law of the country I am visiting; the local police may become involved.

Oasis Global Partnership Visits Procedure Guidelines

Why go on an Oasis Global Partnership Team Visit?

Going on an Oasis Global Partnership Visit (OGPV) will help prepare our pupils, staff and communities to develop a deeper understanding and respect for others, while growing in self-confidence, team building and leadership skills, so they can better live and work in an interdependent and changing world.

From its initial UK focus Oasis has grown into a family of International organisations working in 10 countries around the world. Our global vision is for community – a place where everyone is included, making a contribution and reaching their God-given potential.

Every Oasis Academy and Community Hub in the UK is partnered with two Oasis global country bases in order for them to be able to learn from one another and support one another to reach their full potential. These interdependent, mutually beneficial relationships are known as Oasis Global Partnerships.

Global issues are an important part of the lives of our pupils, staff and communities. We want to encourage them to contribute to building communities who are passionate about:

- social justice,
- equality,
- the environment,
- community cohesion and
- reducing poverty and hunger.

We aim to do this locally, nationally and globally, motivating people to take action.

We want to encourage our pupils, staff and communities to understand and think critically about different worldviews as frameworks for learning. Therefore, we are committed to providing Global opportunities for Oasis academies and community hubs to further engage with their Oasis Global Partnerships.

For over 20 years, Oasis has been facilitating overseas opportunities for people to serve in a cross cultural setting and to work with our Oasis Partners around the world.

Aims of Oasis Global Partnerships

1. To provide opportunities for our Oasis Global Partners to communicate with each other, learn from each other, raise awareness of one another's needs, to achieve their goals and ours and develop mutually supportive interdependent partnerships that strengthen the Oasis ethos around the globe.
2. To give our pupils, staff and communities the opportunity of volunteering in another culture, to equip them for life and work in a diverse global society.
3. To embed the global dimension within the Academy cross curriculum , engaging pupils, staff and wider community members to celebrate their own cultural identity and to foster respect for other cultures, languages and religion.
4. To develop an awareness and understanding of their position as active citizens within the wider, interdependent world and of the opportunities, rights and responsibilities this involves.
5. To inspire pupils, staff and communities into taking actions to raise awareness for a variety of global issues and fundraise for our Oasis Global Partners and Stop the Traffik.
6. To work towards sustainable partnerships which support individual and community transformation, meeting the needs of the present without compromising the ability of future generations to meet their own needs.

How do I go about organising a trip?

We want all teams to have an amazing experience, and to ensure that we support and assist the team leaders as best we can, there is a minimum 9 month lead in time for any visits, in accordance with the OCL Offsite Activities and Educational Visits policy. Visitors and team members will be asked to raise sufficient funds to cover the cost of their trip in full.

PLEASE DO NOT TRY TO ORGANISE YOUR OWN TRIPS TO YOUR OASIS GLOBAL PARTNERS - THEY HAVE SPECIFICALLY ASKED THAT WE ARRANGE THESE VISITS FOR THEM. WE MUST FOLLOW BEST PRACTICE GUIDELINES TO ENSURE ALL TRAVELLERS SAFETY AND PROTECT OASIS.

Oasis Global Partnership Visits Responsibilities

The following is a step by step guide of the process of organising an OGPV stating who is responsible for each step of the process.

Activity	Who is responsible?	When should it be done?	Activity completed
Complete Initial Enquiry Form, obtaining all necessary sign off (Appendix 10)	Trip Leader	At least 9 months before proposed trip dates	
Contact Country Co-ordinator re feasibility of trip. If trip agreed ask for draft itinerary and budget to be drawn up. Get flight quotes.	Oasis Global Partnerships Leader, Community Services Support Team	On receipt of completed Initial Enquiry Form	
Write draft itinerary to achieve Educational Objectives and Activities expressed in the Initial Enquiry Form. Identify suitable accommodation. Draft a budget for in-country costs of the trip.	Oasis Country Teams Co-ordinator for all overseas aspects	On receipt of completed Initial Enquiry Form and draft itinerary	
Send draft itinerary and budget to Trip Leader.	Oasis Global Partnerships Leader, Community Services Support Team	On receipt of completed draft itinerary and budget.	
Develop a fundraising plan to cover the full costs of the trip and agree payment plan with Oasis Global Partnerships Leader.	Trip Leader	On receipt of draft budget.	
Complete Risk Assessment for UK aspects of the trip (getting	Trip Leader	On agreement of draft itinerary and	

to and from airport etc)		budget.	
Complete Risk Assessment for all overseas aspects of the trip. Put in place emergency procedures and a contingency plan for the team in case of illness, national emergency etc.	Oasis Country Teams Co-ordinator	On agreement of draft itinerary and budget.	
Identify possible team members (the sooner actual team members are confirmed the sooner flights can be put on hold which will help with costs). Team members should be mature, flexible and have a sense of adventure. They should be able to take direction, cope without home comforts and willing to try new things especially food.	Trip Leader	On agreement of draft itinerary and budget.	
Plan and run fundraising events. Monitor to ensure target is met.	Trip Leader and Team Members	Once potential team members have been identified	
Check Academy Travel Insurance Policy will provide adequate cover for the trip	Trip Leader with advice from Oasis Global Partnerships Leader, Community Services Support Team	On agreement of draft itinerary and budget.	
Provide up to date project information for the team's Pre-departure pack and for training.	Oasis Country Teams Co-ordinator	On agreement of draft itinerary and budget.	
Agree a date and invite pupils and their parents/carers to	Trip Leader in consultation with Oasis	Once potential team members	

Parents Evening. Agree dates for Team Training and Debrief.	Global Partnership Leader	have been identified	
Identify transport options to the airport	Trip Leader	Before Parents Evening	
Plan and run Parents Evening for possible team members to explain all details of the trip and hand out necessary forms for completion.	Oasis Global Partnerships Leader, Community Services Support Team	Once potential team members have been identified	
Confirm trip members, complete registration forms, code of conduct, parental consent, health clearance and medical forms and send to Oasis Global Partnerships Leader, Community Services Support Team	Trip Leader and Team Members	After Parents Evening	
Put flights on hold	Oasis Global Partnerships Leader, Community Services Support Team	On receipt of completed registration forms from all team members.	
Run pre departure training for all team members	Oasis Global Partnerships Leader, Community Services Support Team	4 weeks before the trip	
Confirm flights and issue e:tickets	Oasis Global Partnerships Leader, Community Services Support Team	Once funding target is met	
Provide a Frontline Team First Aid Kit	Oasis Global Partnerships Leader, Community Services Support Team	At the training or when passports are returned with visas.	
Organise Visas where	Oasis Global	On receipt of all	

required	Partnerships Leader, Community Services Support Team	team members passports	
Organise transport to the airport	Trip Leader	Once flights are on hold	
Get the team to the airport in time for their flight, ensuring that they all check in and arrive at their destination airport	Trip Leader	Day of travel	
Meet the team at the airport on their arrival and run an orientation programme for the team.	Oasis Country Teams Co-ordinator	On team arrival in country	
Be responsible for the team while they are on their placement and give them support and advice.	Oasis Country Teams Co-ordinator	Throughout the team's time in country	
Run team time either at the beginning or end of each day or both, to facilitate planning for the day, reflect on learning objectives and process together what individuals have seen and encountered. Provide pastoral support/care of the team members.	Trip Leader	Throughout the trip	
Maintain appropriate discipline within the team and adhere to the Oasis code of conduct.	Trip Leader	Throughout the trip	
Get the team to the airport in time for their flight, ensuring	Oasis Country Teams Co-ordinator and Trip	Day of travel	

that they all check in and arrive at their destination airport	Leader		
Run debrief for all team members	Oasis Global Partnerships Leader, Community Services Support Team	Within 2 weeks of returning to UK	

OASIS GLOBAL TEAMS - INFORMATION

This section explains in more detail the different aspects of *Oasis Global Partnership* teams.

Initial Enquiry

We will ask the team leader/ person who is organising the trip to fill out an initial enquiry form. This information will then be discussed with the country of interest to obtain initial agreement for the trip.

Registration forms

The identified team leader will need to complete a registration form with sign off from the academy principle and their line manager. All team leaders must be over the age of 18.

All team members will be asked to fill in a registration form, which needs to signed by a parent/guardian and the team leader.

Health Clearance

Team member places are subject to health clearance. Each team member must receive Health Clearance before they can participate on a Global Partnership Team. Health Clearance is a measure of someone's physical and emotional ability to participate in such a project. InterHealth, a Travel Health Clinic, process the applications for Health Clearance and Health Clearance is given entirely at the discretion of the InterHealth doctors.

CRB Clearance

We would advise you to obtain Criminal Records Bureau (CRB) clearance for each person going away on a team who is over 16 years of age. Although not a legal obligation, Oasis carries out CRB checks to ensure the safety of the vulnerable children and/or adults that team

members will be working with, and to protect Oasis as an organisation. Oasis receives "Enhanced Disclosure", which ensures that any criminal convictions, cautions, reprimands or final warnings are disclosed to us.

Code of Conduct

Each team member must agree to the Global Partnership Teams Code of Conduct before they go on their placement.

Parental Consent/ Information

Team members under the age of 18 must receive written permission from their parents to take part in the team. Parents will receive information from Oasis about the team, as well as a consent form to sign.

Flights

Oasis will organise the flights for the team. Usually these are booked through our travel agent, Diversity Travel; however we endeavour to find the cheapest suitable flights.

Visas

Oasis will get the necessary visas for the team before they leave for their placement.

Information Packs

Teams receive three information packs before they leave for their placement.

- 1) A Health Pack which gives a detailed list of all medical issues that they will need to be aware of for their country placement including vaccinations, anti-malarial information and country specific diseases. The information in this Health Pack comes from InterHealth.
- 2) An Information Pack will also be sent. This will give the team information about the country they are going to; the projects that they may be working with and guidance on possible activities that they may be involved in; a kit list and recommended reading on their destination country.
- 3) A Pre-departure Pack will be given to each team member at training, giving details of what they will be doing; their flight details; what they will need to bring with them; insurance information.

The team will have a time of training with members of the Oasis Global Partnership and Volunteering Team before they leave for placement. This training aims to best prepare the teams for their time abroad.

Debrief

After their return to the UK, teams have a Debrief. This Debrief gives people a chance to reflect over their time away and what they have learnt and to feedback to Oasis on their experiences. It also gives an opportunity to deal with any culture-shock or problems that they have experienced since their return. Team members are encouraged to think about how they can use what they learnt while on their Global Partnership team in their life now, and for the future.

Trip

We will arrange all the details of the team's trip in co-operation with the team co-ordinator in country, and the team leader. Your trip will be planned as thoroughly as possible, but in the event of activities outside of our control, occasionally it may be necessary to make last minute alterations to your trip so the team must be prepared to be flexible.

Arrival

It is the team leader's responsibility to ensure that the team get to the airport in time for their flight and that they board their flight with assistance from a member of our team. On arrival in country, teams are met by their co-ordinator, or by someone appointed by their co-ordinator. Transport to their accommodation will have been arranged.

It is the team leader's responsibility to re-confirm their return flights at least 72 hours before their departure and to check the departure time.

Orientation

The team will have an orientation on arrival in their placement. Entering a new country and a new culture can be extremely daunting for some people and orientation is vital to help the team to settle into the area. Orientation should complement the training done in the UK and will be a combination of information on:

1. Local culture and logistics.
2. Introduction to projects and timetable.

Accommodation

Accommodation will be arranged for the team before they arrive. The team will either be catered for, or given the facilities and information that they need to cater for themselves.

Accommodation will be CLEAN and SAFE but BASIC. We will not book accommodation for teams at expensive hotels, since this can be upsetting and disrespectful to local staff who are managing on very small incomes. Team members should be prepared to manage without home comforts for the duration of their team – they may not always be able to have hot showers or 24/7 electricity supply, and will have very limited access to mobile phones and the Internet. Team members are likely to have to share a room with at least one other person.

Itinerary

The team will have a structured timetable for their time in country. This will be put together by their co-ordinator at their placement. The timetable will also include time-off for the team and a chance to see some sights.

Oasis Global bases frequently start the day's work with prayers led by staff members. We would ask all visiting team members to attend and observe this gathering each day, even if they would not consider themselves to have a personal faith or belief. This is an essential part of sharing the global work of your partner base, and a way of showing respect in a different culture.

Insurance

All Academy Teams will be covered by their Academies travel insurance policy. Please check that the policy will provide adequate cover for the country you will be visiting. Oasis Hub Team members can be covered by the general Oasis insurance policy at a charge or arrange their own travel insurance.

Emergency Procedures

Oasis has a set of emergency procedures to help us, Co-ordinators, and team leaders deal with any emergency situations that arise.

We have an 'Emergency Contact' phone and are therefore contactable at all times in the event of an emergency. Our staff take it in turns to be 'on-call' so that there is someone manning this phone twenty-four hours a day, seven days a week.

In an emergency situation teams are instructed to immediately contact their Co-ordinator and Oasis Global Partnership and Volunteering Team. We will deal with the situation, contacting next of kin, obtaining advice etc.

All Global Partnership Teams can be registered with the British embassy or high commission in their placement country. Oasis also regularly monitors the situation in the placement countries and has contingency plans in place in case it is decided unsafe to keep a team at their placement.

Discipline

Trip Leaders will be responsible for dealing with team members who step outside of the Oasis Code of Conduct.

Cost

The cost of the trip will depend on the location and length of the placement. A 10 day to 2-week trip will usually cost between £1200 and £2000 per person.

Oasis does not make a profit from any team that it sends overseas. The money that the team must pay covers the cost of the placement and we work closely with the country to keep the costs as low and as accurate as possible whilst allowing for some fluctuation in exchange rates. The following is a rough breakdown of what the money covers:

1. General Costs

- Travel to and from your placement country
- Medical and baggage insurance
- Health clearance (not including vaccination costs)
- Visas (where needed)

2. Costs covered during your stay abroad

- Travel in country
- Work resources (the details of these will be discussed with your placement country)
- Food and accommodation
- Oversight of each placement
- Contingency to cover any unexpected costs

We recognise that it costs a large amount of money for a team to go on an Oasis Global Partnership Team Visit. To assist the team in raising this money, we can send them a Fundraising Pack which gives ideas on how to fundraise and are happy to assist in any way we can.

Appendix 1

Fundraising

- We will liaise with your partner country to enquire about finding a school in their local community that you can partner with if you so wish. This may enable you to apply for possible funding (not guaranteed). For example: Global School Partnerships (a programme run by a consortium comprising Cambridge Education Foundation, British Council, VSO and UKOWLA) offers good grants to support schools in partnering schools across the world. The grants are funded by UKaid from the Department for International Development.

Cambridge Education Foundation is responsible for the development and distribution of 1000 Starter Grants www.dfid.gov.uk/globalschools/startergrant to UK schools to support them in their partnership journey. Please contact Jo Beresford (joanna.beresford@camb-ed.com) for further information on the Starter Grants.

Global School Partnerships is now hosted on the Department for International Development's website www.dfid.gov.uk/globalschools/about.

One of Cambridge Education Foundation's other areas of responsibility in the programme is teacher accreditation www.dfid.gov.uk/globalschools/teacheraccreditation Teachers can use the learning that they have acquired through their partnership work for some form of accreditation, not only here in the UK but also in many of our southern partnership countries.
