A healthy school meal is important for all children and young people to keep healthy and improve performance

At Sodexo our school cooks, chefs and nutrition team have put a great deal of care and know-how into creating healthy, balanced menus that meet the Government's School Food Standards and ensure we meet pupils nutritional needs.

To achieve this we talked with children and young people and created menus that include familiar, favourite and fun food choices for everyone, every day. Our menus are checked for allergens and provide a variety of exciting vegetarian choices, including religious needs.

(Subject to seasonal change)

Pupil's entitlement to free school meals

The Universal Infant Free School Meals scheme means all children attending in Reception, Year 1 and Year 2 are entitled to a free school meal every day.

If you are the parent, foster parent, network family carer, or guardian of children at school, and you are on a low income, your child may be entitled to free school meals - no matter what year they are in, which could save you £420 per year per child - it's easy to check entitlement by going to your local authority website.

For more information talk to your school cook who would welcome the opportunity to talk about our school food offer, or check school website for copies of the school menu.

Allergen Notice

We understand that food allergies can present a serious concern for some our customers.

If your child has an allergy please contact a member of our catering team.

If you would like information on the food allergen content of our foods, please speak to member of staff who will be happy to assist.
