

Reading

Dear Year 2,

Even though these circumstances are very strange, I hope you're enjoying your time at home with your loved ones. It is so important to keep your brain active because it is so important you don't forget all of your learning. Whilst I have been at home, I have still been visiting the beautiful forest with my dog friends. I'm allowed to go out you see, but the boss Claire always makes sure we are far away from other people so that we are safe. On my forest walk, I saw a squirrel that was happily running up and down the towering trees, and I decided to chase it. Unfortunately, the cheeky squirrel was too fast for me to catch and I ended up taking a swim in the muddy lake instead. As you know, I am the biggest mud monster of all! I had the best time swimming in the lake. Sometimes I don't listen to Claire, and I ended up scratching my tail on the tree. What a disaster this was! I must remember to listen to the adult more. Luckily, after the first aider (not Mrs. Humphreys) looked at it, and a little bandage was applied I am ready to go again. How are you all? What have you been up to? I would love to hear from you all, I can get a little bored at home as I'm only allowed out once a day. However, I have been getting creative with my pompoms, it is my favourite thing to do. My owner (Miss.Cosgree) has been missing you all very much. Take care, Love Woody x

Questions:

1. What type of text is this?
2. Who is the boss of the dogs?
3. Where did Woody go walking?
4. Can you find the adjectives in this text?
5. How did Woody feel when he went into the lake? How do you know?
